HOCKEY TEAM FINISHES SECOND

Roger Williams Junior College's hockey team finished second in league play with a 6-2-1 record. The only losses were to URI, which won the league championship.

The tie came with Rhode Island College.

Roger Williams posted the best defensive record in the league, allowing only 32 goals. The team was paced by Lee Hathaway, an All-Stater from Cranston, who scored 14 goals. Second were John Giannani and John Bunch with seven each. Other scorers were: Dick Roselli and Brad Goff, six each; Frank Savicki, five; Dave Small, four, and Dick Morrocco and Bill Burns, two each.

Goalie Don Plante allowed 3.3 goals per game, while John DiMichael allowed two in the game he played.

In a statement, Captain Giannani thanked the college, students, and Student Council for supporting the team. He also extended thanks to Norman Calladine, who coached the team.

Captain Giannani said that the team hopes to be able to furnish jackets to players.

SORORITY DANCE

MARCH 3

Phi Kappa Sorority will hold a dance March 3 at Prudential Hall, Garden City.

"We would be more than satisfied if the standard produced by the December-Christmas dance would be maintained, but the students must support us if we are to succeed. In this way only, can we expand and sponsor activities on a larger scale," said Brenda Sarat, President.

At the last meeting, Sorority pins were distributed.

Also, the subject of passive participation within the sorority concerning attendance at the meetings was acted upon. The sorority has now incorporated within its charter a "suspension clause," effecting those members who miss more than two consecutive meetings.

FRATERNITY PROPOSES INTER-GROUP COMMITTEE TO CO-ORDINATE SCHOOL ACTIVITIES AND POLICIES

By John Edward Hammond

Kappa Phi Fraternity has proposed that an inter-group committee be formed of representatives from the fraternity, sorority, and Student Council to co-ordinate school activities, and policies.

"Such an advancement," said Richard Nassaney, President of Kappa Phi, "would promote cooperation among the social groups in our school. In addition, it would prevent complications that have previously occurred, such as dances being held by two groups on the same night." Mr. Nassaney has spoken to the president of the Student Council, Warren Wingham, who is seemingly in favor of the proposal but has not, however, secured the approval of the Council. Neither the Student Council nor the Sorority have taken any definite steps toward the inter-group committee, but according to Mr. Nassaney the near future offers opportunities.

Concerning the field of planned activities, members of Kappa Phi, now comprising 35 members, will hold a dance on March 14 at the Edgewood Yacht Club, Narragansett Boulevard. Due to the success of the fraternity's previous dance, the one scheduled will be on a larger scale. Tickets will be available, as usual, in the bookstore or may be purchased from members.

Another suggestion also initiated during the last fraternity meeting comprised the formation of a scholarship which would be annually presented to that student or fraternity member who Kappa Phi thought deserving and needy. This, however, remains in the embryonic stage.

DEBATERS PROVE

COMMUNISM

"NOT WANTED"

"Communism is the most incredible swindle of modern time."

That was one of the main arguments that secured a unanimous victory for the team arguing against communism in a recent school debate. The team consisted of Richard Puerini, Vincent Ricci, Mary Ann Carcieri and Jane Drazek.

The affirmative team consisted of Charles Trimbach, John McNulty, John Mennucci and Shirley Raviele.

The debate, held in early January in the auditorium, was arranged by Mr. John Murgo's orientation class. The moderator was Richard Callaghan.

Mr. Murgo said that the purpose of the debate was to give the students and the audience a chance to become better informed about the differences between democracy and communism.

Each panel member had three appointed classmates to assist him in his research.

Student judges were William Burns, Kevin Cummings, Francis Cottrell, David Zeialstra, and Robert LaFrance.

Miss Drayzek was cited for her convincing and forceful speaking, and she was credited for being one of the main reasons for the negative team's victory.

MOVING WELL IN 2ND HALF

BASKETBALL TEAM FACES
WENTWORTH TONIGHT

Moving well in the second half of the season, having won six out of its eight games, the basketball team meets Wentworth Institute tonight at 8 at Boston in its next to the last game of the season.

The last game will be played Feb. 24 at Dudley, Mass. against Nicholas Junior College's jayvees. The two remaining games give Roger Williams the chance to have a winning season.

Coach Jim Russo credits much of the team's second-half success to increased student interest. He noted that sideline cheering has helped to spark the ball club.

Up until last Monday's game, Ed D'Ambra was high scorer with 317 points, or a game average of 15.1 points. Ken McKay with 242 points or a 12.1 game average was next. Other high scorers, as indicated by point-per-game averages, were Walt Hunter, 10.9; Teddy Hahn, 8.4; Denny Laven, 7.1; Tommy Hanley, 4.3, and Gene Barron, 4.6. Bobby Parrazzo and Roe LaBossier, who left the squad after the first semester, had 12.4 and 4.7 per game averages respectively.

The most points in a game were scored by McKay, who netted 29; D'Ambra follows with 27. Laven scored the most free throws in a game, getting 12 for 12. The team has scored well this season as indicated by its average per-game points of 73.1. On the average, opponents have scored 76.1 points against Roger Williams.

The Dean Junior College Tournament, in which Roger Williams planned to participate, has been cancelled due to a lack of teams.

If you expect to get good grades, if you want to learn, if you want to get a good job, and earn a high position in life--STUDY.

Dear Editor:

Vol. 1, No. 1, of THE QUILL was excellent, and I cannot allow the occasion to pass without a word of "well done" from a fellow editor. The phrase "Vol. 1, No. 1," is an exciting one for it symbolizes the birth of a new publication. I know that from this birth THE QUILL will develop into maturity as a responsible, effective voice. Your first issue certainly lends evidence to this prophesy.

I was particularly interested in the story in your first issue about Route 95 by Herbert Lawson, since this subject comes within my purview. It was well done and I must commend THE QUILL for devoting space to a subject of such import. I would say that your initial issue covered most comprehensively the press ideals of informing, entertaining and educating.

With sincerest best wishes for all future successes, I remain

Cordially,
John Q. Calista, Jr., Chief
