THE QUILL

VOL. 3, NO. 1

ROGER WILLIAMS JR. COLLEGE

PROVIDENCE, R.I.

November 11, 1963

Dr. Ralph E. Gauvey

DR. GAUVEY IS NEW PRESIDENT

Dr. Ralph Edward Gauvey of Urbana, Ohio, President for the past six years of Urbana College in that city, succeeded Harold W. Schaughency as president of Roger Williams Junior College.

A native of Ohio and a World War II Air Force veteran, Dr. Gauvey received his A.B. in English from Ohio State University in 1948. In 1953 he received his M.Ed. in social studies education from that institution, and in 1961 he received his Ph.D. in philosophy of education. Before becoming chief administrator of Urbana Junior College and then, in 1957 president of Urbana College, he spent six years as an instructor in the Department of education in the University School at Ohio State.

In November of 1961, he was one of a selected group of educators invited to tour Europe and the USSR under the sponsorship of the Comparative Education Society, and in January of this year he was one of twenty junior college presidents chosen to participate in a National Conference on the Private Junior College held in Washington, D.C. under the auspices of the American Association of Junior Colleges.

Dr. Gauvey is the author of numerous articles in magazines such as *Ohio Schools*, *The Clearing House*, *School Activities* and *The Instructor*. He is a member of the Association for Higher Education, the National Society for the Study of Education and the American Academy of Political and Social Sciences, and he is listed in both *Who's Who in the Midwest* and *Who's Who in American Education*.

In an interview with the "Quill", Dr. Gauvey stated he had considered positions with other schools which might be considered more desirable, but he said he had the feeling that he would just be fitting into a slot, continuing policies that had already been established, Roger Williams, he said, offered more of a challenge. Here there is freedom, and greater opportunity to make a contribution.

When asked if he thought Roger Williams could compete with the proposed State Junior college, Dr. Gauvey said, "Yes, not only compete, but guide. I think any new Junior College would be looking to us to find out what needs such an institution would have to meet. As a private school we can adjust more freely. We can anticipate change in the needs of society. We are on the threshold of such a change now."

"There will be a complete relocation of the school," said Dr. Gauvey. "Expanding the present facilities is completely out of the question. Just where the school will be located has not been decided, although a number of possible sites have been under consideration. An optimistic target date of September, 1965 has been set for relocation."

All this will cost money, but Dr. Gauvey stated that there should not be any increase in tuition in the near future. Funds, he said, would come from other sources, one being an annual fund drive now being planned by him and the members of the Corporation. Also there is the possibility of a federal grant if the school can qualify for such aid.

In closing the interview, Dr. Gauvey pointed out that the most important part of the school, is not the campus, but rather the teachers. "Here at Roger Williams, we have a fine faculty. They are capable instructors and show a definite interest in each individual student."

Dr. Gauvey stressed what he brought out in his convocation address: that he valued the concept of what Roger Williams symbolized. "We have a climate here in Rhode Island, unlike other parts of the country, where men can stand up and be counted and not be ridiculed."

Sorority sponsored cake sale

Food for Freedom

The students of Roger Williams participated in the Providence Food For Freedom Campaign held from October 24 to October 29. The purpose of the campaign was to collect food, money and clothing to be sent to Greenwood, Miss. participants in voter registration.

The school campaign was directed by Dave Nash, who acted as chairman. Mr. Tiffany had brought the Drive to the attention of the group of students who participated in it. Along with Dave, Lee Kevorkian, Foe Robertson, and Martha Percival helped to direct the school efforts. Students contributed canned goods, clothing, money and their time to the campaign.

The Sorority sponsored a Cake Sale on October 28. The highlight of the sale was the raffle of a huge cake, which was won by Mr. Sheridan, the bookstore manager. Proceeds of the cake sale were handed over to Cliff Montiero, Chairman of the Food For Freedom Campaign in Providence and Secretary of the NAACP. Mr. Montiero thanked the Sorority for their efforts and was gratified by the participation of the student body in supporting the campaign. He stated that the "Food For Freedom" Campaign is but a small step in solving a situation that has become so large, that it is a problem and a threat to democracy; and the students of Roger Williams Junior College with their support and interest, have shown that there is a spark of hope towards a success that is inevitable.

SCHOOL SPIRIT

Lack of school spirit has entered the minds of many students here at Roger Williams Junior College. Many of them ask why, but few students do little to help the matter.

Perhaps the men and women who attend Roger Williams fail to realize that they are the ones who are responsible for the lack of school spirit.

What is the big influence against school spirit at Roger Williams? Perhaps it is the lack of a true college atmosphere. Many students feel that a college isn't a college without a campus or a football team. We, as students, recognize that the lack of campus facilities and many extra-curricular activities, that are had at larger colleges and universities are void here at Roger Williams. However, this is no reason to completely avoid the activities that our college does have to offer us.

STUDENT COUNCIL

ELECTIONS

Campaigning for election to this year's Student Council started at the opening convocation for day students. At this time, Frank Viera, Vice-president of last year's day council, made a plea to old and new students alike to give careful thought to the selection of candidates for the council. He emphasized that the council belonged to the students and that it was up to the students to make it a good council.

During the week of September 23-27, each class nominated one student to run for the council. Day and evening classes nominated for their respected councils.

During the week of October 7-11, the student body as a whole voted for from one to twelve students from the list of sixty nominees for the day council and twenty for the evening council. The balloting closed October 11, with only approximately 45 per-cent of the student body voting.

The victorious candidates in the day division were P. Bowell, J. Capurso, R. Champlin, S. Hallene, J. Lyons, F. Viera, I. Molone, E. Elsbree, J. Curran, G. Zito, C. Rogers, and D. Downey. In the evening division R. Bernier, R. Brown, D. Clements, J. Conte, D. Herrick, D. Kelly, R. Maloof, A. Oliver, J. Poland, H. Templeton, N. Zarchen, and E. Fournier were victorious.

Many fine clubs and organizations are to be found at Roger Williams. A dramatics club, an excellent newspaper, a fine fraternity and sorority, and a recognized basketball team which has had a commendable record in past seasons, are but a few of the available activities. It is our duty to support our school, to make Roger Williams recognized in the eyes of the public. However, to accomplish public recognition we, as students, must first recognize our school ourselves. We can help support our college by taking part in our school activities, and by attending all sport's functions.

In conclusion, we can remedy the situation of lack of support and spirit by becoming true students in more ways than one. Being proud of our school and what it represents, would be a beginning. Once we begin to recognize our school we are well on the way to making it a true college in every way.

OBSERVATIONS

Every year there's a new trend among male college students. Last year saw a number of beards. This year mustaches and bleached hair seem to be favored.

Everyone is wondering what is cooking in the Chem Lab behind closed doors.

Has the Fraternity lost its sense of humor? Hazing was not very lively this year. Crazy antics, in good taste, add to the spice of college life.

Get out those short skirts, girls. The basketball season will soon be upon us.

Congratulations to Frank Viera, President of the Student Council, and to all students elected to the council.

Hats off to Mrs. Mattfield and Mr. Martin for the great selection of new books available in the Library.

A group of students has revived an old idea to stimulate their thinking. They meet anytime of the day to discuss any topic of interest that occurs to them.

Personal vendettas have no place in relations between school organizations. Let's have none of that, boys.

The Sorority has proved itself as a worthwhile organization as far as the newspaper is concerned. They hope that the Administration feels the same way.

Now is the time for all willing workers to come to the aid of Mr. Rizzini and the Dramatics Club.

The "Quill" wishes to congratulate the winners and hopes that the new student council will adhere to their constitution and actively work to promote the welfare of the school.

PROFILE OF EDUCATORS

The students of Roger Williams Junior College are proud to welcome Mr. Lee L. Verstandig, an excellent teacher and an outstanding person.

Mr. Verstandig was born in Memphis, Tennessee. He began his college career at Franklin and Marshall College, where he received his A.B. in history. At the University of Tennessee, he received his M.A. in American history. While attending this institution, he minored in Russian history and was also given a teaching-fellowship in history. During his college years, he participated in such sports as wrestling, soccer, and tennis. Between studies, Mr. Verstandig has found time to travel extensively in Europe and the West Indies.

Mr. Verstandig is presently working towards his Ph.D. at Brown University. Only his dissertation remains to be completed for his degree. This dissertation consists of extensive studies of the "Election of 1796" between John Adams and Thomas Jefferson. Along with this study, he is minoring in American political science.

With a superb knowledge of American history and a keen interest in politics, Mr. Verstandig has taken part in political campaigns in Rhode Island and elsewhere.

Next semester, Mr. Verstandig will teach a course in American political thought. This will consist of a study of the development of American political thought from the colonial period through the present day, with emphasis on the roles of leading political theorists throughout American history.

When asked his opinion as to the importance of Roger Williams Junior College, he replied, "It not only gives opportunity for students not yet prepared for college, but it also forms an important link in the college education structure. The significant and valuable future for Roger Williams Junior College should not be overlooked. My hope is that Roger Williams will in the future play an even greater roll in education for the people of Rhode Island."

For Pete's Sake

Dear Pete: Everytime I walk into the Coffee Shop people stare at me.

Signed 42-18-34

Dear 42-18-34: When is the next time you will be in the Coffee Shop.

Signed Pete

Dear Pete: How can I get on the Student Council?

Signed Management Student

Dear Management Student: Change your course to Engineering.

Signed Pete

Dear Pete: I would like to have an office of my own. Do you know of any available space?

Signed Faculty Member

Dear Faculty Member: Mr. Piazza suggests the room opposite his office.

Signed Pete

Dear Pete: We too would like any available space.

Signed Phi Kappa

Dear Phi Kappa: See Mr. Piazza.

Signed Pete

Dear Pete: I am in the dog house! My wife and I fight continuously. What can I do to get a little compatibility in our marriage.

Signed Dog's Life

Dear Dog's Life: Compatibility is not easily achieved. Stay in the dog house, and while you're there try those little dog biscuits that turn to gravy when mixed with water — they are great!

Signed Pete

THE AIMS OF "THE QUILL"

The aim of this newspaper is to present current topics and items of interest to the students, faculty and administration of the school; and to present such topics in a fair and honest manner without prejudice. Also the "Quill" hopes to serve as an outlet for students to give their opinions and to have their questions answered.

Each issue, this newspaper will make available to students space to express their opinions, praises, and gripes. Students, be on the lookout for our roving reporter. He is anxious to get your comments on all topics. It is hoped by the staff that the student body has enough interest in Roger Williams as a school to make use of this space so provided.

PUBLIC RELATIONS DEPARTMENT

There are many students enrolled at Roger Williams Junior College who are not aware of the importance of the activities that go on at our "east campus" on Pine Street. In addition to housing our Engineering classrooms and laboratories, and the offices of our President and engineering faculty, this building is home base for the Public Relations department.

Mr. Everett B. Nelson, Director of Public Relations and Development since 1960, stated in a "Quill" interview that the dual job of his department is to (1) make the public increasingly aware of the history, achievements, aims and needs of Roger Williams and (2) seek wider community support of our non-profit educational service.

Plans are already underway, he said, for the first of a series of annual gift appeals to provide the second source of income that is one of the requirements for full regional accreditation by the New England Association of Colleges and Secondary Schools. We are already accredited by the State Department of Education with authorization to grant the Associate degree, he pointed out, and we are also recognized by the Federal government and through our membership in the American Association of Junior Colleges. New England accreditation however, will add that final touch of professional recognition which is the goal of all good colleges and universities.

It is hoped that we may achieve this by 1966, which will be our tenth anniversary as Roger Williams, and that even before that time our dream of having a campus of our own, will be a reality.

Meanwhile, as a result of the continuing activities of the PR department, we are getting increasing attention from the news media of Rhode Island and nearby Massachusetts, which means that the name and activities of the College are coming more and more to the attention of its newspaper readers, radio listeners and television viewers.

Three recent examples are the front page story in the Evening Bulletin of our "65 years young" coed, the picture and story of the "good deed" initiation of Kappa Phi fraternity, and the "On Campus" program of WTEV-TV on which Dr. Way and Allen Minkema told the story of the College most interestingly to Channel 6 viewers, including our own students, faculty, and staff.

Publicity of this sort, Mr. Nelson pointed out, is only a part of the overall public relations job of any college, but it is an important part and is helping to make our various "public" more and more aware of our existence and accomplishments. Your cooperation is invited in passing on to the PR department any ideas you have for possible stories of real news value, as well as clippings of any items you may see in your own home-town newspaper.

MANAGEMENT SEMINAR

In the rather informal surroundings of the conference room the Management Seminar meets on Fridays from 10 to 11:15. Topics of interest in the management field are selected by Mr. John Murgo, the coordinator for the discussions. Mr. Murgo has set up stiff requirements for selection to the group and for remaining in the Seminar.

The three permanent members, Larry Graveline, Jean Samson and John Skober, take turns in presenting the topics to the invited guests and to the remaining members. All second-year management students, along with any other student who exhibits a mature and scholarly interest in the subject matter, are invited. Faculty members and businessmen are also invited to participate in the discussions.

Topics to be discussed in the fall semester include, "What is Management's Responsibility in a Free Enterprise System", "The American Negro and Industry", and "What Does Socialism Mean to Americans".

THE ELECTRONICS CLUB

Carl Walker, last year's chairman of the Electronics Club stated in an interview with the Quill, that due to lack of student participation the Electronics Club was forced to cancel all its activities planned for the semester. These activities included laboratory study in the field of Radio and TV, and also field trips to local electronics firms.

Carl pointed out that applications are still available in the Pine Street office, and if sufficient student interest is shown, it is possible that the club could reorganize.

The club would be very beneficial to any student interested in electronics, especially those students who intend to go on in the field of electrical engineering.

Help your newspaper by patronizing its advertisers.

HOW MANY BLUE TAGS?

How many parking tickets have been given to our students for overtime parking since opening of classes in September?

The Providence Police Department says that it does not keep records of the number of tags given out in specific areas.

But both the police department and students agree the number has been relatively large.

Fashions on Parade

by Dale Murchison

This year, according to Dior, the waistline, hemline, and shoe heels are coming down. There will be more clothing and less shape shown by the stylish girl.

The traditional waistline has been replaced by the low slung waist and the shift. No longer are girls who are heavier than most bulging at the seams but now they, too, can have the slenderized look. This mode of concealment is perfect for both day and evening wear.

Besides the elongated waistline, the hemline has returned to just below the back of the knee. The balanced look is back in style. The effect of lengthening the hemline has brought "fireside skirts" into full swing. For an evening at home with family and friends this "fireside" outfit makes for a relaxing event.

Boys take notice! You no longer have to be afraid of girls with 3" spiked heels. The heels have come down from "spikes" to "stack". This change in heels puts the finishing touch on the casual look of the day.

Well girls, this ends my column for the day. I hope you enjoy these fashion hints and that you will read more about the parade of fashions in the coming issues of the "Quill".

OUR COLLEGE LIBRARY

What is the purpose of our college? Our library serves to specialize in the academic needs of the students and faculty members. A student will find that our library has a variety of essential books which intends to enhance and broaden his scholastic knowledge. Also, one will notice that our library has selective periodicals that are current and diversified. Our library is fortunate in having reference material which is suitable in aiding the student with his classroom assignments.

Although the library contains approximately a thousand volumes, our librarians' main objective is to stress the quality of our books not the quantity.

Every student should become acquainted with the following facilities of the library, the Dewy Decimal Classification system, and the card catalog. What are some advantages of our library? The students have the privilege of withdrawing and selecting books, and a quiet atmosphere for reading, studying, and research. No smoking or disorderly behavior is allowed. Students, why not take advantage and make use of your school library more?

THE FACULTY ASSOCIATION

A Faculty Association for the betterment of the college and faculty was established last year. Mr. Sherman, newly elected chairman, stated, "The purpose of this Association is to promote the welfare of the faculty, study educational procedures, and bring about closer contact between members of the faculty."

This year the Association elected, along with Mr. Sherman, Mr. Russo as Vice Chairman, Mr. Martin as Secretary, and Mrs. Mattfield as Treasurer. There are three main committees, Education, Welfare, and Recreation. These committees are headed by Dr. Hetzler, Mr. Piazza, and Mrs. Sadick, respectively.

The Welfare Committee is in the process of investigating the practice of professorial rank in New England Junior Colleges and the different policies on tenure. The Recreation Committee is contemplating a Christmas party to be held during the vacation.

Mr. Sherman, as chairman of the Association, is a member of the Administrative Council. Although he has no vote in the Council, he does reflect the feelings of the faculty as a whole before the Council.

The monthly meetings of the Association are attended by the majority of the members. The members include all of the full-time members of the teaching faculty except one, who is considering application.

When asked what the Association plans in respect to promoting the accreditation of the college, Mr. Sherman stated that this hasn't come down to the Association as yet, but they plan to co-operate fully with Dr. Gauvey.

Changes in teaching procedures are being considered by the Association. This will bring about more use of audio-visual aids. One of the main goals of the Association is closer interdepartmental co-operation.

CONGRATULATIONS TO DAY STUDENT COUNCIL OFFICERS

PRESIDENT — Frank Viera

VICE PRESIDENT — Phil Boswell

SECRETARY — Larry Curran

TREASURER — Ray Champlin

KAPPA PHI ELECTS CLEMENTS PRESIDENT

Don Clements was elected to succeed Douglas Carey as president of the Kappa Phi fraternity. Other officers are Edward Duffy, vice-president; Jay Hanley, secretary; Charles Rogers, treasurer; Steve Pecora, public relations; and Robert Hemmeley, sergeant at arms; and Thomas Dyson, orientation officer.

Sixteen new members were accepted into the fraternity this semester, and breaking with tradition, the pledges' initiation was of a constructive nature — cleaning and trimming the area between the Stuart building and the Y.M.C.A. building.

The fraternity plans to be very active in civic functions this year, in an attempt to better their name and that of the school.

Kappa Phi also plans seminar classes as an aid to those fraternity brothers needing help in their courses.

The fraternity will sponsor a dance this year. No date has been set as yet.

Sarge, there's a grievance committee from R.W.J.C. in the Hall to speak to you about the Parking Problem

THE DRAMATICS CLUB

NEWMAN CLUB

The Roger Williams Junior College Newman club held its first meeting of the year on Wednesday evening Oct. 9, 1963. Election of officers took place. The officers for this year are Edward Kanazet, President; Ray Medeiros, Vice President; Arlene Marrone, Secretary; and Ray Funaro, Treasurer. Fr. Doyle of the Blessed Sacrament parish in Providence is the spiritual advisor. Mr. Rizzini is faculty advisor.

The Newman Club, for those of you who are unaware, has nothing to do with Mad Magazine's comic Alfred E. It is a national organization for the Catholic students on the college campus to promote the spiritual and social welfare for the student. There are over 800 clubs on campuses all over the country with thousands of members. In Rhode Island alone there are five clubs: Brown, Rhode Island School of Design, the University of Rhode Island, and Roger Williams Junior College.

Guest speakers are present at various meetings. Speakers at the last meeting were Glenda Wilcox of Rhode Island School of Design and Ed Kominski of Brown. Miss Wilcox invited all our members to a mixer held on October 26 at the School of Design.

In the past the Roger Williams club has worked in conjunction with the R.I.S.D. club, but this year we hope to function independently with the help of Don Beaucheny, our activities chairman and Ray Funaro, who is publicity chairman.

Meetings are held once a month, usually at night. Dues are \$2.00 per year. Refreshments follow meetings. Our next meeting will be held on Wednesday evening, November 6, 1963. All Catholic students are welcome.

Regional delegates from Roger Williams are Vernon Stromberg and Dick Faella. The alternate is Patricia McGrath. Our club will be host to the Regional Committee meeting in January.

PHI KAPPA

Phi Kappa Sorority initiated six new members. They are: Shirley Hallene, Holly Hollstein, Jane Lyons, Irene Melone, Dale Murchison, and Joyce Rattenni. After one week of pledging, these girls were initiated on September 27, 1963.

On October 6, 1963 the Phi Kappa Sorority held a mandatory meeting for the election of new officers. Peg Amoroggi, retiring president, presided. The new officers are: Ruth Bardsley, president; Lois Caprio, vice president; Holly Hollstein, secretary; Joyce Rattenni, treasurer; Elaine Elsbree, sergeant at arms and Martha Percival, social committee chairman.

A very successful cake sale, sponsored by the sorority, was held on October 28. The proceeds of this event were turned over to the Food For Freedom Campaign.

Dramatics Club Formed

The Dramatics Club, under the direction of Mr. Rizzini, with Carl Walker as student in charge, had its first organizational meeting on October 24, 1963. The group chose John Capurso and Dale Murchison to work with Mr. Rizzini and Carl Walker as a committee in charge of choosing a play for the spring production.

In the spring there will be a major production, to take place around April. A possibility of a minor production will be discussed at a future meeting. Announcements on the choice of play will be released at the next meeting.

Students will be working together as a group, creating everything themselves. This group of Thespians will be making scenery, learning the art of make-up application, and having acting lessons at each of the regularly scheduled meetings. The meetings are to be held once a month on a Thursday night as this time is most convenient for the group.

The group will revolve around the different tasks so that each member will have an opportunity to learn the various aspects of production as well as acting.

Besides participating in plays, the students will be attending various productions in the area and in New York. Students were asked to report any good productions that will be presented in and around the area.

All students interested in becoming a member of the Dramatics Club are urged to contact Mr. Rizzini. The group is small but interested and willing to work. This should be a very good year for them, and we wish them all the success possible.

REGISTRATION

Registration at R.W.J.C. is up 15 per cent with 405 day students and remains the same with 136 evening students.

There are four foreign students registered; one from India, Tarak Das Dey; three from Egypt; Selim and Jacques Chammel, and Zake Joseph Abdalla.

The students are classified as such:

	Males (484)	Females (55)
Engineering	85 day 77 even.	no day 1 even.
Management	66 day 11 even.	2 day 1 even.
General	109 day 30 even.	32 day 4 even.
Unclassified	92 day	11 day
(Less than 12 semester hr.)	19 even.	4 even.

COFFEE SHOP

It has been called to our attention that some students have been walking out of the coffee shop without paying their checks. The waitresses have to pay these checks with their own money.

The management of the coffee shop has threatened to close its doors to students if this practice does not cease.

The student council took the matter under advisement during their last meeting and decided that quick and severe disciplinary action would be taken on anyone caught doing such things.

Just a few students are responsible for this, but it reflects badly on the entire student body and school. Let us all do our best at conducting ourselves as ladies and gentlemen, and everyone will benefit.

BASKETBALL

On Tuesday night, November 19, the 63-64 basketball season will officially begin as the Jolly Rogers of Roger Williams will take on the R.W.J.C. Alumni in an exhibition game at Mt. Pleasant gym. The Alumni five will be made up of players who have played ball here at Roger Williams since the team was formed six years ago. Rumor has it that the Alumni will be strong, and that the Jolly Roger five is going to have its hands full to pull out this season's opener.

According to Coach Jim Russo, the 63-64 season looks to be a promising one, and the team should have no trouble in bettering last year's 6-18 record. Last year's Jolly Roger five was rich with talent, but lacked the needed height. This year, the team can boast added height, and with a few breaks, should come through with a winning season. Bill Montella and Bob Archetto, both from Cranston, are the only returning players, but the team looks rich in freshman talent.

Some of these boys have looked good in practice and may get starting roles. They include Mike Cronin from East Providence; Bill Walsh, Carl Bruno, and Denny DeCorte from LaSalle; Dave Findley, Johnny Koza and Manny Nobrega from Central Falls; Bruce McCarter from Cranston West; Mike Davis from South Kingston; Bob Hanley from Deering; and Bob Mendes from North Providence. Ernie Medeiros, a former All-stater, who helped his East Providence Townies to a division championship, is one of Roger Williams's brighter prospects.

The Alumni game will be played on November 19, and then Roger Williams will begin its regular season with two home games. On November 26, they will be host to the Worcester J.C. team at the Mount Pleasant gym. Then on December 30, the Jolly Rogers will take on one of the downtown rivals, in the form of Johnson & Wales, to be played at the Johnston High gym. This inter-city rivalry is always one of the top games for both schools, and should be a hard fought and interesting match.

The team will then go on a three game road trip and return home to meet R.I.S.D. on December 17, at Mount Pleasant. This tilt also should be one of the more interesting games also, since Roger Williams defeated R.I.S.D. twice last year, and since our art friends from the hill always seem to have very colorful teams.

Coach Russo wishes to remind the Student Body that all home games begin at 8:00 P.M. and admission is free. All students are urged to attend the games and help the team to a winning season. Don't forget, we have cheerleaders too!

NATIONAL DEFENSE STUDENT LOAN

The National Defense Student Loan Program was originated by the National Defense Education Act of 1958. Its purpose is "to identify and educate more of the talent of our Nation . . . to insure trained manpower of sufficient quality and quantity to meet the national defense needs of the United States."

Contributions are made by participating college or university and added to the appropriated fund shares given to them by Congress.

Eligibility is based on acceptance. Any student who is accepted without condition is eligible to borrow up to \$1,000 per year with a maximum limit of \$5,000.

There is no interest while in school, service or peace corps. Borrowers are allowed up to 10 years to repay with 3% interest.

The forgiveness clause for public school teachers states that up to 50% of the loan (plus interest) at the rate of 10% a year may be canceled for each year of teaching.
