The 1983 Yearbook
Theme: "The long
and winding road"

B. Enllen

CONGRATULATIONS FROM THE WHOLE COLLEGE TO THE CLASS OF 1983!!

As the years pass, I hope that this yearbook will remind you of the good experiences you enjoyed at Roger Williams College. When you came here, our responsibility was to prepare you for future experiences in a life which is forever changing. Hopefully, you have been successful in meeting the challenges in your lives and in making a positive contribution to society.

Never be afraid to look at life with confidence.

I WISH YOU WELL!

DEDICATION

Hector with one of his fine feathered friends!

The honor of someone receiving a dedication is defined as that someone going beyond the general definition of his work. We, the 1983 Talisman Staff feel Hector Massa is well deserving of this dedication.

Hector has been with Roger Williams College for 11 years with duties ranging from Assistant Director of Athletics, Baseball Coach for RWC, Camp Director for RWC Daycamp, Housing Director, and is currently The Director of Athletics and Vice President of the Mayflower Conference.

Hector loves to help people. He considers the students here at RWC as individuals and as "MY OWN CHILDREN".

Hector is responsible for the building of our new recreation center, for which he spent much time and dedication. When asked what his biggest influence is, Hector responds: My wife, Shirley Girard; "She is my backbone".

We would like to thank Hector Massa for his involvement, time and generosity which he has displayed here at Roger Williams College.

APPRECIATION

Do you remember the first person you met the first time you walked into the Administration Building? Chances are it was Lucy Silvia, the Receptionist.

The 1983 Talisman Staff feels that Lucy's presence here at RWC is not nearly as recognized as it should be; therefore, we would like to express our appreciation towards her.

Lucy has worked at Roger Williams for six years and enjoys her work very much. She finds the students here "Very cheery."

Everybody at one time or another has either bumped into or spoken with Lucy, whether it was receiving information or speaking on the telephone with her. Lucy is in charge of the switchboard, and when she's not busy with that, Lucy directs people to various points on campus, does financial reports for the mailroom, keeps the telephone list up to date, and sells stamps to all us students. Basically Lucy is the "link to communication" on the Roger Williams Campus.

Lucy, where would we be without you? Thank you for being here at RWC.

ALPHA CHI

This year, Alpha Chi had the honor of presenting "The teacher of the year" award. This was awarded to Mark Brickley, a faculty member of the Business Division.

ART CLUB

From water colors to sculpture, from lithography to ceramics, the Roger Williams College Art Club covers a wide range of interests in the art field. Members who are interested in perfecting their skills in their area of interest—or finding out about a new area—can participate in planned bus trips to some of the world famous art museums and galleries in New York City or attend various workshops the Club plans to sponsor in different fields and mediums, such as watercolors and airbrush. The Art Department also holds an annual show in which Club members help out.

BIG BROTHERS

Unless you are a Big Brother, you can not truly appreciate the warmth of a young boy's smille after he has just rolled a bowling ball down the alley for a strike. And it is that smile that makes its worthwhile to be a Big Brother. Big Brothers is a national organization that helps fatherless boys by matching them up with an adult who will be the "big brother" they never had. Activities the two can enjoy together might include picnics or trips to ball games or the circus. The essence of the Big Brother program is individual contact with the little brother, so a relationship based on trust and respect can be built, and part of the void in a fatherless boy's life can be filled.

BUSINESS CLUB

The Business Club is designed to act as an open forum for the exchange of Ideas in the field of business, and a place for students to share interests, knowledge, and ideas. The Club offers students a chance to hear experienced members of the business community share their knowledge and insight through Interviews and lectures. The Club plans a trip to New York City in which the members get a chance to see how the business district is run. Club members can also get "real-life" experience in retail sales by becoming involved with Oddz in Endz, the campus store that the Club runs.

DIVE CLUB

One of the most active clubs on campus, the Dive Club's purpose is to promote safe, intelligent, and fun diving for any SCUBA diving students here at Roger Williams. The Club plans several dives, all of which will be supervised by either an instructor or an assistant instructor. Some of the planned dives will be instructional dives conducted by an instructor to correct any weaknesses a member might have. The Club does provide some gear to members for dives to insure there are no accidents due to a lack of essential safety equipment.

DRAMA CLUB

Over the past several years, the quality of the plays put on by the Drama Club — sponsored Friday night Coffeehouse Theater has been truly Impressive, and has definitely made an important contribution to the cultural and artistic life on campus. The Drama Club is a student run organization that works in very close cooperation with the school's Drama Department and gives any interested student a chance to get experience in all phases of theater, from costuming, to lighting, to directing, to set construction, to acting. Membership in the Club is automatic for all theater majors, but non-Theater majors are encouraged to join also.

DUNGEONS AND DRAGONS

PARALEGAL CLUB

Paralegalism is a fairly new concept in the legal field. It is becoming more accepted as time goes on, and the Paralegal Club is active in monitoring this acceptance. The Club's purpose is to familiarize its members with the many different aspects involved in paralegalism and to help them in deciding which aspect they actually want to become involved in. This Club has been in existence for only a couple of years and is steadily becoming a strong club on the Roger Williams campus.

SAILING CLUB

Of all the colleges on the Northeast coast, perhaps none has a better location for sailing than Roger Williams College. The campus is located on the shores of Mount Hope Bay, and students take advantage of this through the Sailing Club. The Sailing Club is actually a team that competes against other major colleges in the area. The Club is divided into an A Team; varsity, and a B team; junior varsity. Both teams sail 15 foot Designer Choice sailboats.

STUDENT SENATE

SKI CLUB

With over 80 members, the Ski Club is one of the largest clubs here at Roger Williams College — and with good reason. Some of the best skiing areas in the country are located within three hours of the college, and the Ski Club is not about to let those snow-covered slopes go to waste. The Ski Club is a low-cost way for students to enjoy skiing. With money from the Student Senate and the members' dues, trips to local ski areas are planned, and busses and lodging are rented for the whole group. The Club plans at least three weekend trips for the students to enjoy.

SOCIAL COMMITTEE

The Student Senate-funded Social Committee is responsible for scheduling, promoting, and conducting most of the entertainment seen at Roger Williams College. The Social Committee is actually three different committees — the rock, non-rock, and non-music — each chaired by a student appointed by the Student Senate. The chairperson of each committee does the actual scheduling, but it is the other student volunteers who do the behind-the-scenes work that makes the events so successful. Along with each band's road crew, Social Committee members set up and take down the staging, sound equipment, and lighting for each group. Other students sell tickets and check people at the door, or sell and pump beer. The most popular event sponsored by the Social Committee is Roger Williams Spring Weekend, which is a weekend full of activities and bands for the whole college community to enjoy.

UNITED MINORITY COALITION

Drawing members from almost every background, the United Minority Coalition is a club designed to give the students here at Roger Williams a look at others' cultural heritages — ranging from Black to Puerto Rican to Irish. The United Minority Coalition is a very active club. Their most popular event which they sponsor each year is the fashion show, showing us the most up-to-date fashions for everybody. Some of the other events that the United Minority Coalition sponsors are dances, bake sales, and parties for the entire college community.

WINDSURFING

WROG

After three years on AM carrier current, WROG, the Roger Williams College radio station, will be a broadcasting FM station. WROG is managed by a faculty member who has worked professionally in radio, but all staff and programming decisions are made by the members of the radio station. The station will be broadcasting at FM 88.5, and will feature a progressive/classic rock format. There are a number of openings for interested students, both in front of the microphone and behind the scenes. For those who want "on-air" experience, WROG will train students to be disc jockeys. Other openings include positions on the news, production, and technical staffs.

VEGAS

next stop McDonald's

Take it from me, kid, I'm a Wiener.

Can I spend it?

Come ooon, seven!

The agony of defeat!

Where it stops nobody knows!

Moe, I said we're not the three stooges, right Larry?

I've done nothing wrong!
