REMEMBER When we were

...

Freshman ...

We couldn't remember where our classes were held but we did remember the school's cafeteria, dorm bathrooms and dorm parties. As well as Hurricane Gloria, the last of the public alcohol carrying Spring Weekend, who could forget the car burning? The

first annual Ray Boston Summertime-Anytime Beach Party, John Butcher, John Caferty and the Beaver Brown Band, Reggae Roller Skating, when Mount Hope Bridge got it's spring face lift and our first step toward being adults — College Finals!

Sophomores ...

We got a little smarter and a little better but the teacher's strike made it a little harder to feel enthusiastic about learning. The strike lasted for only a few days but boy did we have fun. During this year 38 Special, Joan Jett and Joe Piscapo showed up with

Chuck Mangione and the first annual Max Creek Show. The Architecture Division was on campus with it's shiny new building, Finally, for those who lived on campus we got our 'Blue' special stickers and we no longer ate the cafe food but Classic.

Juniors ...

Most of us moved to Almeida, off campus or just stayed here but the friendships we built kept us together. We now have learned that going to college is more work than play, but when we needed a break the local bars did the

trick. For it wasn't the booze but the bands and friends that were there that counted. Also during this year 1964, Georgia Satellites and Jay Leno stopped by, the second annual Ray Boston Summertime-Anytime Beach Party

happened along with Mary ann's car exploding near Dorm III. The Dean of the College resigned, or so they say, Otis Day came to Toga and the Student Senate closed it's doors due to lack of participation and interest.

NOW THAT WE ARE SENOIRS . . .

Our Party, Party, Party images were put on hold to think about issues that concerned us. We brought back the Student Senate, Governor De Prete came to talk to students during Business Week, QRI went to full power-100 Watts. Spring fever was in the air with a carnival, Meatloaf came to dinner and Rocky Horror Picture Show was an occult classic not to be missed. A Pseudo RWC fraternity was seen around campus (remember those purple ties) and we learned that Rudy could still tow anything — even when it wasn't our fault. Also a new toll both was in-

stalled instead of the usually gate, WHY??? Graduation brings about a time when people remember the past and think about the future because in these months a dramatic wonderful change will be brought about. We no longer depend upon our parents but ourselves. We can learn, live and deal with ever changing problems and obstacles in our way. I hope the years here at Roger Williams College brought about changes that make you the best person you can possibly be. I hope that the many years ahead of you will be just as inspiring. Best wishes to all.

Meat Loaf

On Saturday, September 24th, Meatloaf was welcomed by over 300 students to Roger Williams College. Meatloaf was dressed in black and was accompanied by his 4 member band with two female backup singers. They sang past songs from their triple platinum album Bat Out Of Hell and Bad Attitude. This concert was SAC's first major event of the semester which turned out to be just what the school needed to wake up the year.

Who Could Forget This Man?

Yes, this is the man that ticketed and towed our cars and trucks. We tried our hardest to talk him out of doing it.

For four years we panicked at the sight of this man with his blue uniform and who could forget his stone face! This man has no conscience. "I was just leaving" "I had to go to the nurse" and "I can park here after 5, right?" were

just some of the classic lines used on Rudy but did he listen..no. But when the sun went down Rudy went home and we felt as ease parking in back of the cafe, or anywhere on campus.

As they say, all good things we left RWC and Rudy too. But I bet that there will be times when we will take a look back and remember Rudy. Scary ain't it?

The Class of 1989,
in grateful appreciation for his
neverending dedicatation to the
Senior Class and the entire student body
of Roger Williams College,
do hereby dedicate the 1989 yearbook
to . . .

Tony Ferreira

"Being a student is half academic and half involvement in the University, helping it grow better for the students." Tony Ferreira, 1971.

Tony came to Roger Williams College in 1979 to begin the job as the Night Manager of the Student Center. As night manager he ran the Snack Bar; ordered supplies; contacted suppliers and was always willing to jump behind the grill when there wasn't enough staff.

Years ago, in the days when fresh pizza was made in the Union; when the Rathskeller's taps were full, and a major event consisted of a beer bash with a local band, students were responsible for organizing and running almost all campus events, from

local bands to John Butcher concerts. Already overloaded by schoolwork and unaccustomed to working with big name bands and fast talking agents, students struggled to provide successful events with little guidance and support.

Along came Tony, who was already assisting students in running and cleaning up after events, to save the day, most often staying after his normal working hours. It became so time consuming that Tony recognized the need for a full time person to help students program

quality events. Tony envisioned an even larger role for this person in the future. With his neverending enthusiasm and concern for students, Tony proposed his idea to Bill O'Connell, Director of Auxiliary Services and Student Activities. Impressed by his proposal, Bill gave him the go ahead to develop a job description. Hence, the position **Coordinator of Student Activities** was born and there was no doubt who should have the title; Tony Ferreira.

Tony is responsible for the existence of the Student Activities Council, and the Stage

Crew, both of which he oversees. Through these organizations, students enjoy weekly movies, comedy and live music in "that place", another brainchild of Tony's. "that place" grew out of the original Bayroom P.M., instigated by Tony's concern that students who were unable to drink in the Rat shouldn't be closed out of nightly entertainment. Under Tony's guidance and help events such as Joan Jett, 38 Special, John Cafferty and the Beaver Brown Band, The Del Fuegos, Joe Piscopo, Jay Leno, Meatloaf and of course

this year's Spring Fever starring Otis Day, The Hooters and The Carnival have been made possible.

All this and many more events are made available and enjoyed by students because of Tony's enthusiasm, in fact, Tony has tripled the number of activities for student's enjoyment since he became the Coordinator of Student Activities. Ask Tony and he'll just say "it's my job", but anyone who thinks it's an easy one, or that running events is easy is wrong, Just think of Tony

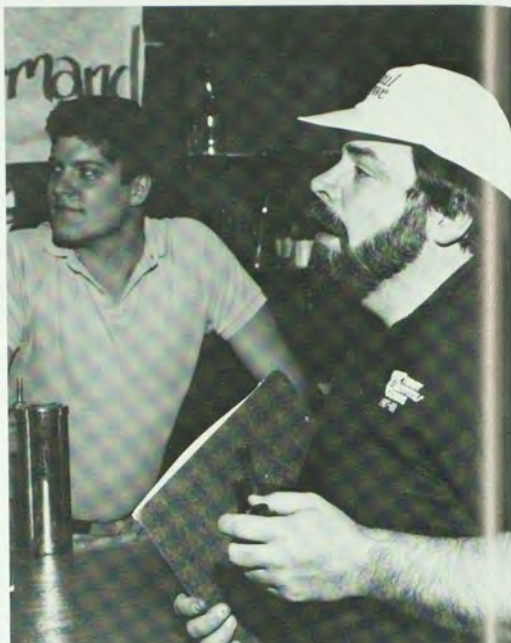

who spends an average of 10-12 hours a day at school working for you, and is there at the gym before every major concert at 9am rarely leaving before 3am.

We don't think this dedication would be complete without thanking Tony's wonderful wife, Rosemary, who out of her love for Tony and his dedication to his job and the students of Roger Williams College, puts up with his long hours away from home.

We can never say enough good about Tony, whenever we needed anything, or had any problems, or questions he was there. So remember this when you go to your next college event; that guy who is running around making it all work, that's Tony Ferreira. Walk up and shake his hand, he is someone everyone should get to know. We love you Tony

*The Senior Class
of 1989*

*Now that you have some idea
who Tony is lets see what some
of the people who know him best
have to say.*

"The BEAST Lives." Stage Crew

"He's a very caring person who's concerned for the students and the jobs he has." Sue Penny

"Tony's the only man who can be thrown into a pool, get up and smoke his pipe while having his picture taken." Marcia Johnstone

"Tony, you've been like a father to me. You're the greatest BEAST I know. Thanks for everything." Ethan Abatiell

"A man with relentless determination to make all the events fun, but run smoothly and a man with true compassion towards the people he works with. In most cases his job and efforts are overlooked but when an event is run well the people that make it possible seem invisible." Dave Stevenson

"Being on the Stage Crew isn't working for Tony it's working with him. Thanks for being there, I love ya BEAST." Leigh Mestuzzi, Yearbook Editor

"A tireless body, a fine mind, a caring heart, and a soul free of political influence." Bill O'Connell, Director of Auxillary Services and Student Activities.

"Tony shows his big heart and caring by the tremendous effort and time he puts into making student activities fun and exciting for students." Karen Haskell, Dean of Students

"A true friend and mentor who has shared with me his love and caring for students." Lisa Lisiski, Assistant Coordinator of Student Activities

"Please slow down so we can have you around for many more concerts." Kathy Catalan

"If it wasn't for Tony, the Student Activities Council wouldn't be where it is today. He's done so much that we find it difficult to find the words to thank him." Student Activities Council

"Seriously, it will be in next week, I promise." the Gang at WQRI

COLOPHON

Volume 19 of Changes 1989 Edition was published by the 1989 Roger Williams College Yearbook Staff on a fall schedule and printed by Taylor Publishing Company of Dallas, Texas.

The cover has a Smyth binding, rounded and backed, and is printed with Gold Foil on a blue 491 background. End sheets are of White End sheet Stock.

The 144 pages of text were printed using a offset lithography process. All pages of the book were printed on 80 pound Matte paper and cut into an 8½x11 trim size.

Photographs were taken by Varden Studios of Rochester New York, and by the 1989 Changes staff photographers

except Graduation, which was done by Avilla Studios, Bristol Rhode Island.

Color photographs were printed in the 4-color process.

The test type of all body copy is 10 point Malibu. Captions are in 8 point and Headlines and Subheadlines are in varying point sizes.

The production process of 1989 Changes was almost entirely computerized. All copy was submitted to the publisher on Typevision and all layouts were submitted on Pagevision Plus computer discs.

Individual copies of Changes were sold to seniors for \$15.00 and lower classman and faculty for \$20.00. There was a press run of 200 copies.

Editor of the 1989 Changes was Nancy Moskowitz. Co-Advisors were Wess Cable and Lisa Lisecki. The Taylor Publishing Company Service Representative was Ms. Karen Devitt and the Account Executive in Dallas was Ms. Pam Ringold.
