ACADEMIC REGALIA

The standard academic costume used today has its roots as far back as medieval times, when in European universities gowns were worn daily to identify disciplines of study and provide warmth.

In 1895, American campuses adopted the formal Academic Costume Code based on this historical precedent. The code allows viewers to determine from the costume the degree, academic discipline, and often the institution that awarded the degree.

The academic costume consists of a cap with a tassel, a gown, and a hood. The tassel may be in the color of the major field of study, or in gold signifying a doctor. Additional tassels are worn by those graduating with honors: white for Summa Cum Laude; white and blue for Magna Cum Laude; and blue for Cum Laude. The gowns range from unornamental for a bachelor; to longer sleeves for a master; to more ornamental, with three bands on the sleeve and front panel, for a doctor. The hood is bordered in the color of the major field of study and lined in the color of the institution which awarded the degree.

Variations from this standard may indicate academic costuming from foreign universities, or a specific expression of a group or individual. At Roger Williams, it is not unusual to see two- and three-dimensional decorations adorning the black mortarboard caps of students.

The standard academic color code follows.

Major Field	Color
Agriculture	Maize
Arts, Letters, Humanities	White
Business Administration	Drab
Dentistry	Lilac
Economics	Copper
Education	Light Blue
Engineering	Orange
Fine Arts, Architecture	Brown
Journalism	Crimson

Library Science	Lemon
Medicine	Green
Music	Pink
Nursing	Apricot
Philosophy	Dark Blue
Physical Education	Sage Green
Public Administration	Peacock Blue
Public Health	Salmon Pink
Science	Gold
Social Science	Citron
Theology, Divinity	Scarlet
Veterinary Science	Gray
