Subject: Akin House. South Dartmouth, Massachusetts

Re: Estimate for Immediate Structural Repairs.

Due to extensive water damage, the sills, the second floor plates and the rafters in the northeast corner and west front need immediate attention.

The nature of this damage requires that the plates and rafters be repaired prior to the restoration of the sills. Architectural drawings will not be available until the full extent of damage is exposed.

All repairs to comply to The Secretary of the Interior's Standards for the Treatment of Historic Properties.

Plates and rafters: \$9,800.00

Sills: \$19,486.00

I have spoken to the Steve Tyson, President of The Architectural Preservation Group, who stands behind his enclosed estimate dated July 29, 2004
