## A "Tag Cloud" for RWU Law

Posted by David Logan on 12/22/2011 at 12:12 PM

When *Princeton Review* released its 2012 edition of "The Best 167 Law Schools" – an influential Zagat Guide-style review largely based on 18,000 law student interviews – Roger Williams received a very strong assessment from its students. The [actual review](#) is available in PDF for those readers who want to see it, but we thought it would be fun to also provide a more visually engaging approach: a "tag cloud," that is a graphic representation of words from the text, weighted by frequency of use.
