Coherent Structure Proposed

At Roger Williams College

"Roger Williams College this year is not the same institution it was five years ago. Five years hence, to the extent it reflects and indeed leads the way to changes in our society, it will be a still different institution...It is must apparent that this college should be named in honor of Roger Wil- liams, who held among his basic beliefs that man initiated and his institutions must be flexible, that they must be sensitive to changing trends, but at the same time must hold; to the inevitable fact that man not only does in society but realises his fullest potentials and creative insights, and at the same time to aid him in developing a purpose that these abilities assume their loftiest role when channelled in the direction of working with and helping others."

"In the tradition of our namesake, we also believe that both man and his institutions must be flexible, sensitive to changing conditions, and adjust to the need of a changing society. It is in this spirit that the following proposal is submitted for consideration."

Council on College Affairs

It is proposed that there be a Council on College Affairs established at Roger Williams College. The purpose of the Council is to create a democratically selected, executive body representative of the students, the faculty, and the administration.

This All College Council will make decisions and recommendations on the basis of its findings. The Council will guarantee an avenue of appeal to all members of the college community.

1. The Council on College Affairs will consist of:
   a. Three members of the Administration
   b. Council of Student Affairs
   c. Dean of Business and Professional Studies
   d. Dean of College of Liberal Arts

2. For their chance, their Administrative designates.
   a. Three Faculty members
   b. Two Business and Professional Studies Council
   c. One business, one engineering.
   d. Six Students

Chairman

Three Liberal Arts (Bristol)
Three Business and Professional Studies (Providence)

I. Chairman

1. The Chairman shall be one of the Faculty members on the Council.
2. The Chair shall alternate between Bristol and Providence.
3. Each Chairman shall serve a tenure of one semester.
4. The Chairman shall not vote except in the case of ties.
5. The Chairman shall be empowered to call emergency meetings at his discretion.

Council on College Affairs

Council on College Affairs will be composed of the following.

Mr. Hallenback contended the center of interest that the council was de- but achieved a C in its efforts. The students specified by their the grades should be available and paid for. Letter to the Editor

Unconcerned Bodies

O.K. Dummies it’s time to get off your - - and out of Milkey gype joint. Wake up before its too late. Too long have we been condemning the Administration for our small mindedness and outright stupidity. Our inability to organize on any scale has been the core of all student problems - not the Administration. Take a look at what’s happening around you; and unless your eyes have fallen out of your head, you will see plain - disinterested unconcerned bodies wandering aimlessly around. To get what you want is to demand; to demand the point of action - action - action.

Talk Back II - Students walked out criticizing the circles of finiteness - circles of absurdity. Why walk out Dummies? Trying to be the first to MIker’s to make known to unconcerned students that this doesn’t interest them. What the hell do they know? If they could solve your problems they wouldn’t be hanging around in the Y.M.C.A. Coffee Shop.

The only student who appreciated the concept of action Tino reflectively left in complete disregard and despair. Pick up the slack and do something constructive for once in your life; before you become the only body of pleasure with empty space between your ears.

Concerned Student
Rudolph Pahme

The Quill

New Summer and Evening Director Appointed

The appointment of Timothy P. Cur Dwight as Director of the Providence Campus was announced (Wednesday) by Frank University Founder and Dean of Professional Studies.

Mr. Cur Dwight, who lives at 8 Back Street, is a member of the Business Administration Committee. He received a Bachelor of Science in Business Administration from Bryant College in 1961, and an M.B.A. from the University of Rhode Island, 1967. He is known to unconcerned students.

Mr. Cur Dwight said the enrollment for this semester is 250, as opposed to 75 last year. This increase in enrollment may be attributed to the new campus offering a B.A. and B.S.

EDITORIAL

Examinations Hours in Conflict

You sometimes feel reluctant to mention student pleasure with scheduling, registration, and on and on, for there is always the fear of being interpreted as a deliberate negative. However, added to the list of dissonance is defined as my declaration of opinion against some act or condition) is the subject of examinations. The protest concerns the time limit of examinations this past semester. Students were given the option of either taking a one hour final exam or a two hour final exam. There were no three hour exams given, and this was truly unfortunate. So it is thanks that there are juniors at Roger Williams College who feel obligated to bring forth this argument in black and white print. What shall we do to retaliate against this awesome mistake in judgement? 1) Take over the administration building in Bristol. 2) Boycott classes, 3) Bring forth the argument realizing the present situation of transition at Roger Williams College is a basic factor. Well, from a student evaluation of the situation, I feel the judgement lies within two areas; 1) The faculty should have judged their time limits for their examinations, 2) And white print, should have been allowed preference for time. It is a simple argument from the standpoint of desiring more time for final examinations. I conclude with the following statement: "At last pressure of thought allows us to work out the consequences of an act in imagination. Time is of necessity while in the thought process.

Bookstore a Great Success

Recently Roger Williams College announced that a private concession was in the process of talking about the college’s bookstore. The new bookstore is under the name Book Piper Inc., and is located on the second floor of the Greek Church.

This operation may be new to the students, but not to the owner, Mr. George Piper. Mr. Piper has set up many college bookstores throughout the United States. His new system of having the books set up according to your action has stilled the recent semester break. He is a man of optimism regarding his future role as a faculty member at Roger Williams College in relation to Dramatics. He spoke of the college being in a difficult situation, in regards to communications between student and faculty. "Most you put signs all over campus asking for assistance. "Could student mailboxes be established on Pine Street or Bread Street?" "Somewhere it is part of the general feeling that we are not a college campus, that we are just a college."

However, he did express an optimistic response in regards to changes in this feeling.

At present, the Dramatics club has one act play ready for performance. (Which was discussed in the Christmas edition of the Quill. Following the one act play, there will be a new play with a new cast. Next in line in a laboratory play produced exclusively for Roger Williams College. (Here, college) Is the only holder of a Bachelor of Arts degree in Business Education from Bryant College in 1961, and an M.B.A. from the University of Rhode Island in 1967.

"Why walk out Dummies?"

"Why walk out Dummies?"

Byline: The Junior class held on Saturday, February 6th a dance together courses which require time for thought is involved. I am confident that we shall witness a new flower blossoming in the immediate future.

Dean Emeritus, Dr. Way Appointed R.W.C. Ombudsman

Roger Williams College today announced the creation of a new administrative position which will deal directly with the complaints of the students, faculty and administration personnel. The person holding this office will be known as Ombudsman for the Providence campus.

The announcement was made at a student-initiated "Talk Back" at the Round-up Club, attended by the students at whom the questions were posed. The administration said that the student representative position was a result of a request by the students.

A position was created to provide a means of communication between the students and the administration. According to the position’s duties, the Ombudsman will be available to speak with any interested student about any concerns.

The Ombudsman will serve on the faculty and administration, digest the complaints, and attempt to mediate in the process.

Frank Zemel, Dean of Professional Studies, who made the announcement, said the Ombudsman will serve on the faculty and administration, digest the complaints, and attempt to mediate in the process.

Frank Zemel, Dean of Professional Studies, who made the announcement, said the Ombudsman will serve on the faculty and administration, digest the complaints, and attempt to mediate in the process.

Dean Zemel said "the recent rash of campus crises indicates that those with grievances have not been assured that their concerns would receive attention and consideration. Roger Williams College hopes that the establishment of this new office will result in an improvement of relationships between students, faculty and the administration through the office of the Ombudsman."

Dr. Way, who lives at 25 Park Drive in Riverside, became the College’s full-time administrator of human services in June 1967, and was acting Dean for the College for the Academic year 1967-68. A Canadian, he received his B.A., M.A., and LL.B., from McGill University and his doctorate from the University of North Carolina. He has held his offices in the college professional studies building at 25 Pine Street.

WHY NOT YET??

At the Regional Conference of the Union for Research and Experimentation in Higher Education in Denver, Colorado on December 1-3, 1966, Dr. Ralph Gauvey said in describing the developing atmosphere of Roger Williams College:

The final objective and perhaps one of most significance is the involvement and subsequent commitment to an institutional atmosphere on the part of students, faculty, trustees, administration, staff and all other individuals who act in concert, will implement the design detail of the new Roger Williams College.

Since 1966 there has been concern among many faculty for "involvement" and "commitment" in the institutional atmosphere as it relates to the "new" Roger Williams College. But during this academic year, there has emerged a call for participation by the other members of the college community—the students. For both, involvement and spirited to involve—

Dick Gregory to Appear

The Political Science Club is proud to announce that Dick Gregory will appear Wednesday evening, March 5th, at the Round Top Church. His lecture will begin at approximately eight o'clock. Dick Gregory will share with us his ideas on how to take heed of all forthcoming announcements pertaining to Mr. Gregory's appearance. Take heed, since students of Roger Williams College will have first preference to hear Mr. Gregory speak.

Mr. Gregory's lecture is in five parts and will include a question and answer period as well as a tape recorder. He lives on route, stopping to play countless benefits, lectures in the college community in Washington and speaks at colleges and universities throughout the country. It is our pleasure as students, to present Dick Gregory.

Freshmen Initiation

by TEDDY SPINARD

The purpose of this article is not to enlist support for our objective but to inform the student on the subject of Freshmen Initiation. In this way we hope to have a student who is well educated on the subject and has heard both sides of the argument before signing a petition calling for the initiation of a program. At the last Freshman Class meeting I posed the question to those present to show by hand how many were in favor of Freshmen Initiation. By 5 to 1 vote in favor, the committee launched the drive to look into the matter. The administration of this college feels that such an investigation of Freshmen student is not in the best interest of Roger Williams College according to the spokesmen: "Is an experimental college where traditions for tradition sake with no apparent value" is done away with. As chairman of the Committee on Freshmen Initiation, I feel that tradition is a unique part of American college life. The absence of such a program is that it will stimulate school spirit and a "sense of pride" in attending RWC. We do not intend on placing the upper classes on a god-like status and to "job" the lower classes on the slave-like Freshmen. The committee asks to make people wearing mandatory for a period of a week at which time certain "courtesy" will be extended to the Sophomore Welcoming Committee. The administration has promised to look into the matter if a petition of interested people is presented to them. If you are in favor of the views expressed by the committee, please sign the petition when presented to you.

Back Talk on Talk Back

I have just left the February 5th edition of Talk Back, and I am very upset about a few of the things that happened there. Talk Back is a forum designed so that the students of Roger Williams College can ask questions, or air gripes toward administrators and faculty members. However, if the faculty members refuse to attend such a forum it is impossible for students to direct any vitriolic words—ambiguous and meaningless for those who had hope to participate in a new and lively experiment. Dr. Gauvey in his statement that a concert of action would help to implement the college's design through "involvement" and "commitment," but has anything like this been taking place within the college community since 1967? Has Roger Williams College afforded its students and faculty opportunities to become involved and/or committed in the implementation of this design? Why has there not been a democratization of this college community while each involvement is evident on other campuses? Why has not the administration been willing to enlist the skills of their counterparts—the Faculty and Student Body? Why have the students and faculty of Roger Williams College been stimulated to commit themselves to involvement? Why has this college remained authoritarian and paternalistic—and has it so often included these bodies in involvement in the design of their "new" college? Bringing students and faculty closer into the college community, including the principles of decision-making would promote exchanges of ideas, and experiences which are so vital to the nurturing of this institution. It would aid them in the conditioning process of learning the complexities of the modern college community with its rapidly changing technological, social and cultural conditions. Such participation would surely produce a more sophisticated understanding of the college's difficulties and complexities and of the necessary functions of the Administration on the one hand, while enabling the Administration to understand the needs and aspirations of students and faculty and the values and shortcomings of current educational measures.

If Roger Williams College still has as its objective, the design of "involvement" and "commitment" of which Dr. Gauvey spoke three years ago, now is the time for the concert of students and faculty was utilized if we are going to realize this lively experiment???

Lee L. Verstandig
Director of American Political Studies

FLASHady dumpy, a Jimmy Hendrix Experience is not registration time.

Back is not a two hour extra lunch period! If you have been to any other authoritative person before you came to see me," replied the advisor. "No sir," answered the student, "I went to a member of the faculty, 'And what kind of advice did he give you.' 'He told me to come and see you.'

Question: How many credits will I need in order to get my Bachelor of Science degree?

Answer: You'll need 123 credits. I know this and found out that Bryant College requires 126 credits and Providence College requires 128 credits in order to receive a Baccalaureate Degree in Business. So if you plan to attend Providence College you may have to take the class ring that will be out this spring. I say, "T.S.".

Roger Williams I. R. C.
Sponsors Tran Van Dinh

Last Tuesday, former ambassador to the United States from South Viet Nam, Tran Van Dinh, spoke at Plantations Hall to an audience of RWC and RLC students. The independent vendor had caused the appearance scheduled for 2:30 to be moved up to noon. Mr. Tran spoke on a variety of topics. Above all, he emphasized an understanding of the Vietnamese conflict; it is, as he presented, essentially a feudal and political problem. He contended that no lasting result can be achieved without a respected and highly succe used government apparatus. The war, he continued, is not the problem to solve. He urged the initiation of such political reforms to change the national environment, to install a government that is not noted for its incompetence and corruption.

This reporter supported the necessity of political reforms but did not agree with Mr. Tran's schedule of priorities. He seemed to ignore the necessity of a national defense system to preserve the national state. Without this necessity, no political and social changes can be attempted. Mr. Tran offered that in a revised peace state, the war would eliminate itself, becoming a governmental apparatus. He ordered that these invaders would find after moving into the South, that they must exist with the J. Vietnamese to insure order. This policy completely overlooks the possibility of a Northern Vietnam followed by the creation of a political state. He simply felt that this would not occur, and urged the socio-political approach as the solution. He was this firm position which caused him to come in conflict with the formal South Vietnam foreign policy.

Mr. Tran was a true leader, and the Vietnamese conflict more than any other country. His carefulness in achieving this goal is the location of supply centers in Germany and Asia. We simply cannot extend the war into the North in such a manner, as we cannot destroy the source of Vietnamese supply. Mr. Tran emphasized that this was not a war of attrition, and cannot be won by wearing one army or the other down.

Mr. Tran's appearance was both informative and entertaining. His program was sponsored by the International Relations Club. His lecture was followed by the auditions of various clubs sponsored by the university. This reporter was very pleased with the idea of the athletic events.

A. My office is at 305 Brown Street.

Q. Where does the team practice?

Q. What are the facilities for the team?

Q. What is the team's record?

Q. Who is the team's coach?

Q. How many girls are on the team this year?

Q. What is their success rate this year?

Q. Is it true that these facilities are open to the entire student body?

Q. Where can interested students contact you?

The Bristol campus consists of (2) Senates (3) from each class. (3) will represent the Providence campus with identical representation. From these two Senates the president of each will automatically serve on the Student Advisory Council (SAC). In addition (5) Senators from both Bristol and Providence will serve on this joint council (SAC). The two Senates will concern themselves basically with individual campus problems and activities.

The Roger Williams Advisory Council (SAC) will concern itself with all matters concerning the whole student body.

Neal Kishman

The New Roger Williams College Student Constitution will consist of two branches.

(1) Roger Williams Student Advisory Council.

(2) Roger Williams Liberal Arts Senate. Roger Williams Business and Professional Studies Senate. The two Senates listed above under (2) will be (A) Representative of the Bristol campus consisting of (22) Senators (3) from each class. (D) will represent the Providence campus with identical representation. From these two Senates the president of each will automatically serve on the Student Advisory Council (SAC). In addition (5) Senators from both Bristol and Providence will serve on this joint council (SAC).

The two Senates will concern themselves basically with individual campus problems and activities.

The Roger Williams Advisory Council (SAC) will concern itself with all matters concerning the whole student body.

The uniqueness of the campus sites one could ask about the entire Dining Hall, and the Library.

The Library, which is shown below, is truly a remarkable building. It's removed from windows will supply the human eye with beautiful landscapes and most important, Mt. Hope Bay. There is a certain artistic flavor about the entire campus. You begin to get the impression that the Bristol campus was the product of a conspiracy of architectural achievement in design. The completed buildings for September 1960 can be listed as follows: The Residence Hall, The Lecture Hall, The Library, The Administration Building, The Dining Hall, and The Mathematics and Science Building.

Robert D'Uva

The Sports Forum

All Questions asked of Mr. William White

Q. Where can interested students contact you?

A. My office is at 305 Brown Street.

Q. Where does the team practice?

A. At the Rhode Island Tennis Club in East Providence.

Q. How do students get there on Providence?

A. At Rt. 95 to the Seekonk Barrington Exit, then left to Rt. 6 to Boyd Avenue.

Q. What facilities does the Club have?

A. The R. I. Tennis Club has three indoor courts, and six outdoor courts. There are also locker rooms (male and female) as well as snack bars.

Q. It is true that these facilities are open to the entire student body?

A. Any student who wishes to use the courts may do so between the hours of 6-8 p.m. every Friday night.

Q. What equipment do interested students need?

A. The use of the courts is free, and the balls are supplied. Students need only bring their tennis rackets and clothing.

Q. Do the girls play against other girls or against males?

A. listings the co-educational team in the state the girls faced males.

Q. How many girls were on the team last year?

A. Only two, but I'm hoping for enough girls to form a separate team this year.

52 Point Performance

Sophomore co-captain Bob Miller last weekend set a new individual and school scoring record with a 52 point performance. In this 97-64 triumph over Barrington, John J. V. Bob shut an amazing 735, hitting on 24 of 33 attempts. The former college record was set in the 64-65 season, 43 points by Walt Cheko.

Much like the other co-captain Hall Metts, Bob is a team man as well as a student in good standing. Bob is married and has two children, both girls. Working for the audio-visual department and maintaining high grades keeps him very busy. During his four years in the navy, he pursued his basketball career. He played in the all Navy Championship tournament.

Robert D'Uva

Cheerleaders?

Yes, Roger Williams finally has cheerleaders. They first appeared at a basketball game with the Brown J. V. Wednesday, February 5th. The girls led by captain Ellen Einhorn amassed an impressive victory for the students present. It started with a slow start and as the students filled in, the game began to explode with chants of a winning spirit never before heard at a Roger Williams athletic event.

The girls took it upon themselves to start a fund with the help of any financial support. With a conflict over the war shining a light on the girls' spirit, the girls took the initiative to make their own. They held the tins mongers around campus, and the girls, who worked the entire day, ended up paying their own expense and purchased the materials for the uniforms.

They are looking for support. Financially, added enthusiasm, that makes more girls come forward. The present squad consists of Yolanda Ramos, Patricia Spinard, Yolanda Spinard, Rita Poirier, Jeanne Mazilli, Betty Williams cheerleaders. The Quill offers best wishes and good luck to the Roger Williams cheerleaders.
Business Club

Editor Note: Our apologies for placing this on the last page, but lack of space did not permit it anywhere else.

The first meeting of the newly formed Business Club was held on February 4. A numerous number of students attended the initial meeting. Mr. Eliot, the club's advisor was very pleased at the turnout.

Among the many and diverse subjects discussed by the members were the profit potential of local and outside business, an alumni association, a placement service, survey of employment opportunities, an investment club, speakers from various fields of employment, establishment of a business library, the continuing of membership if a member leaves Roger Williams.

The next meeting will be on Friday, February 21. At this next meeting officers will be elected and the members will ratify the club's constitution.

We would ask students interested in participating in a club with a purpose, to contact Mr. Eliot or to watch for bulletins posted on the bulletin boards.

SUPERMAN IS PREGNANT

It isn't very often
We get a chance like this,
And on this occasion
We do not want to miss
A chance to tell all of you
Exactly what we feel
So close your eyes and just pretend
That none of this is real.

L.D. cards with no birthdates,
Parked cars with no permits,
Lounges with no students,
Students taking fits.

Churches with no bell towers,
Cancellations never heard,
Photographers with no film,
All this is for the birds.

Bureaucratic structure,
Problems of attrition,
Liberals arts is moving,
And a raise in the tuition.

Student council trying
Yelling in the hall
"Dr. Gauvey's missing,
And here comes Charles DeGaulle."

Juan Valdez Drinks Tea.

Jesus Saves; Moses Invests.

Beautiful red ribbons
For everyone to wear,
Receiving marks on schedule—
There really were none there.

Designers at the White House
Would envy our chandelier
If Spiro Agnew could only reach it—
But, alas, he needs a chair.

The rings will be successful
They really do look swell,
As far as for our yearbooks,
They've not begun to jell.

Welfare on the streamline,
Students next in line,
L.B.J.'s credentials—
Stink.

We hope you all enjoyed this merry little show,
The work that we put into this, you really know;
But when you've read our sentences, it's
One of the fun we had . . . .
And if you take offense of it — it really is
too bad!!!!
