Bristol Senate Effects New Committee on Student Affairs

Monday, February 3, the student senate finally produced a resolution which defines a committee on student affairs. Last November 23, the senate voted to boycott a faculty committee of the same name, because they felt the faculty had been imperious and assumptive in delineating the authority of this committee over the behavior of the student body. This committee would then become the Dean's Committee. The student committee will have members from the faculty (3), the student body (6) and the administration (2). It will consider all problems of students, whether they be academic or non academic -- from disciplinary problems to complaints about grades from an instructor.

The Deans Search Committee A New Plan

In last week's edition of this paper we incorrectly stated that no students had expressed an interest in participating in the search for a new academic Dean for the Bristol Campus. Actually, three students have expressed interest but have not been attending the meetings of the Dean's Search Committee, chaired by Dr. Goldberg, Dean of Students, because of problems of scheduling. This committee which has faculty and administrative members, is in the process of sifting through and screening some 300 applicants.

The student senate executive committee has suggested a new plan to involve students in the selection of this Dean. The emphasis of the senate's new plan will be on the personal interview aspects of securing this person.

Catharsis: R. W. C. Crisis Center

Catharsis, a drop-in center for BWC, operates in the old ping-pong room in the basement of unit 7 of the dormitory complex.

Two transfer students, Bill McElroy and Dave Enes are running the center. It will reopen Monday-Friday from 3 p.m.-8 p.m. for anyone interested in dropping by. A phone is there for anyone who can't stop by and might like to call in a question.

The number is 255-2332. NO PHONE CALLS PLEASE.

The purpose of the center which is designed after crisis centers throughout the country, is to provide emergency crisis help in information of drug, draft, birth control, abortion, medical and psychological help. Also, and perhaps most importantly, it is a place where people can come to talk with interested people about almost anything.

The center is compiling a large literary of books on Drugs ranging from technical information to novels. Books will be available on loan to anyone interested in reading.

Bill McElroy and Dave Enes hope to be able to expand the center through student participation and to increase the hours in which the center is open. If anyone is interested in working with the center or just finding out some more about it, stop in or call.
EDITORIAL
R.W. PokerPlayer Club

Gentlemen, it is not nice to give the Dean of Students aliases when he asks for you names for some punitive action. What you are doing however, is not legal and you are probably setting yourselves up for more trouble. good Dean has brought the issue to the student senate now and really echoed some weighty thoughts.

"I am ready at this point to bring the hard hats with me and bring these students over to my office. If they want that game, I'm ready!"

His feathers are rather ruffled, wouldn't you say? Perhaps, you could all pitch in and buy some poker chips, which could be kept in the library and checked out when needed. This way no one would misunderstand or not believe you when you say you are only playing for "funnes".

The Shock of Recognition

by Robert Anderson

A perception; Richard Moses

Now that was one funny play! And so nearly perfectly performed that every last body step was a perfect one to revive sometime.

If he trapped himself into overplaying now and then, we have a good supply of maturity. His feathers are rather ruffled, wouldn't you say?

As part of the Trinity Square Repertory Company, William Congreve's mastery of wit and dialogue with his colorful Restoration comedy for the cultural mainstream of the time and place to be announced. We are men, not mice. Cheese and crackers will be served at the debate.

Send your responses to David Pollack c/o the Literary time and place to be announced — Watch for Notice!

David Pollack

Facts You Should Know About

Having an Abortion in New York

It is legal to have an abortion in New York State. Under the present law there is no residency requirement. Therefore, a patient either from any state or country may come to New York for the purpose of having an abortion. A request for an abortion may be made by any woman regardless of marital status. In certain cases parental consent may be required for minors.

HOW

Ruth M. Martin, Abortion and Family Planning Consultant, will advise you how to have an abortion under safest conditions. Miss Martin will counsel you with understanding and concern and will give you such guidance as may be needed.

WHEN

The present law states an abortion early in pregnancy, preferably under 12 weeks.

WHERE

As a member of the Trinity Square Repertory Company, Miss Martin has had valuable experience as a consultant to a family planning group. Miss Martin person-to-person between 10 a.m. and 8 p.m. E.S.T. Monday through Friday or from 10 a.m. to 4 p.m. on Saturday. Her telephone number is: 212-367-8743.

I further challenge any faculty member, student, or administrator to a debate on this topic: "THE TRUTH SHALL MAKE YOU FREE!" Cheese and crackers will be served at the debate.

As an opponent of the great American dream that all men should grow tails and eat cheese I demand a recount of the vote. Furthermore, I challenge any faculty member, student, or administrator to debate on this topic: "BE IT RESOLVED THAT IN THE OPINION OF THIS HOUSE WE ARE MEN, NOT MICE!"

Ladies and gentlemen the "TRUTH SHALL MAKE YOU FREE!" Cheese and crackers will be served at the debate.

Send your responses to David Pollack c/o the Literary time and place to be announced — Watch for Notice!

Following extensive experience as a registered nurse in many areas of obstetric care, Miss Martin entered the field of family planning in 1960. She worked in five countries of West Africa and six countries of South America as a family planning consultant for The Pathfinder Fund. Subsequently she conducted a special family planning project through-out the United States. She also has been a family planning consultant for the Office of Economic Opportunity. Most recently Miss Martin has had valuable experience as a consultant to a national organization working with the state to establish an abortion law in New York State.

Miss Martin is available on weekends to lecture on Family Planning and Abortion.
Student Senate Committee on Student Affairs

Due to the decision of the Student Senate not to recognize the Faculty Committee on Student Affairs, an application is submitted to create a Student Senate Committee on Student Affairs to take the place of that Faculty Committee.

The Student Senate Committee on Student Affairs:
1. Because this area of interest obviously primarily the student's, this committee shall be composed of six (6) students (to be appointed by the Senate), three (3) academic members of the faculty (to be appointed by the Faculty Senate), the Dean of Students and the Dean of the College.

2. This committee shall work to insure the academic freedom of all Bristol Campus students and to protect students against the use of institutional authority in all academic work, thereby safeguarding the interests of the institution as an academic community.

3. It may be the duty of this committee to review and recommend any policies or regulations relating to which aspects of academic student life it is charged with.

4. It is within the duty of this committee to review and recommend policies and regulations relating to all aspects of non-academic student life.

5. It shall be the duty of this committee to review the Faculty Senate or Administration, Board of Trustees, the Board of Student Concerns, and the Faculty Committee on Student Affairs, and to present recommendations to the Student Senate Committee, to the Dean and to the Board of Trustees.

6. Students may appeal decisions of faculty members involving academic violations to this committee. This committee shall take the form of recommendations to the faculty that the Faculty Senate Committee be a member of the Committee on Student Affairs.

7. In the case of non-academic violations the student charged may choose to have his case handled by the Dean of Students or by the Board of Trustees or by the Dean of Students and the Dean of the College.

8. The College shall be represented by Roger Williams College's President, the Dean of Students, the Dean of the College or his designee, the Faculty Senate Committee, and the Student Senate Committee.

9. Any academic or of­fering in the curriculum which the College considers essential for the attainment of the objectives of the institution, and the students charged with violations of such policy, shall have the right, when subject to the decision of the Dean of Students, decision and request in writing that the tape be de­stroved, he waives all rights of appeal.

8. The Appeal Board for cases of academic violations shall be appointed by the President. This Board, known as the Academic Appeals Board, shall consist of three (3) academic members of the faculty.

R.W.C. Business Club to Honor Senior

The Awards Committee of Roger Williams College Business Club wishes to remind all graduating seniors that a presentation will be made to the Outstanding Business Senior. Last year, the award was presented to Lenny Berk. Perhaps this year it could be you. The qualifications for this award are as follows:
1. Candidates must be graduating business seniors.
2. Candidates must be full-time students and have attended Roger Williams College for at least his junior and senior years.
3. The Candidate must be recognized above average in his devotion through his outstanding contributions to Roger Williams College.
4. We wish every senior the best of luck for being nominated the next Outstanding Business Senior.
5. All nominees must be sponsored by a Business Club member.

Business Club Has First Speaker of New Semester

On February 2, 1971, the RWC Business Club held its first meeting of the Spring semester. The club members welcomed their first speaker, Mr. Thomas Shea of the Boy Scouts of America. Mr. Shea spoke of the management aspects of the Boy Scouts. He said that the Scouts and its functions are operated exactly like a regular big business adventure. He said that there are 4,200 professional people in the scouting organization. Mr. Shea pointed out that the professional services are not directly related to the youth but rather directed toward the adults and volunteer workers. These workers in turn coordinate the work that filters down to the youth, who of course keep the entire organization functioning. Mr. Shea also said that about 5,600 men are hired each year throughout the country, most of whom have a business degree. He mentioned the many benefits that the Boy Scouts of America offer their employees. Mr. Shea, a recent college graduate, finds working in the professional field of scouting both a rewarding and self-satisfying career in helping the youth of America to start off on the right foot.

On January 12, 1971, the Club toured the Narragansett Brewing Company from top to bottom. The tour was not only interesting, but the beer was delicious. Plans are well underway for the Club's trip to Washington, D. C. in April. Any club member who is interested in going to Washington is requested to turn in their $10 reservation deposit by February 16. Mr. Joseph Nolette is chairman of the committee for this trip.

It's a new semester and there are many new faces at Roger Williams and many are transfer students from other colleges. Just a reminder that new members are always welcome - that is if you want to join a club where there is a lot of action. Business Club meetings are held every Tuesday from 11 a.m. to 12 noon in Room A-4 in the Watkins Building on Pine Street.

Ski Club Meeting

There will be a meeting on Tuesday, February 10, at 7:30 in Lecture Hall 14 on the Bristol campus. A ski film will be shown at this meeting. There will also be information concerning the weekend trip to Waterville Valley, Loon Area which will take place on February 12, 13, and 14.

Intramural Basketball at Bristol

Senior Quits Basketball Team

by David Hochman

Bob Miller, a graduating senior, recently turned in his uniform. Coach Drennan, Bob, who played basketball in his freshman and sophomore years, felt that he hasn't regained the form he once had, and felt that he was hurting the team. Bob is also carrying an 18 credit hour course load which he needs to graduate. He has a 3.4 average and would like to improve it as he soon enter graduate school.

Again, Bob stressed how important it is to have a good education and to be able to think for oneself as a person. Reaching a great scholastic achievement such as the Dean's list and playing basketball make it worthwhile for him as a person long as education comes before basketball.

Pucksters Drop Fifth Game

by Ray Maker

The Hawks dropped their fifth game of the year when they lost to New England College in the last 16 seconds of a game by a score of 4-3.

The winning goal came at 14:46 by Mark Melkon. At one point the Hawks were down to 3-0 but came up with three goals in the last period. This was a good, hard checking, wide open style of hockey. The Hawks lost playing one of the best games of the year. Bill Selino was brilliant in the goal position. Making stops that looked like no goalie could ever make. The losing team is now 2-8-0 in NEC with coming up to New England.

At 5:50 NEC got its first goal when Duncan Matthews scored, assisted by Peter Cowan and Robert Gellert. At 1:18, Robert Gellert made the score 2-0 in favor of NEC. Assisting on this goal was James Mulholland. One thing that hurt the Hawks was that they picked up over 30 minutes in penalties, which made the Hawks short most of the period. The Hawks also played a good defensive period. Bob Miller made eight saves that period and many were great, too. Bill Melkon made two saves for the Pilgrims.

One thing that the Hawks showed was that they can do a good job of checking as the score showed this time.

The second period was a good period for both goal tenders as no goals were scored in this period. But the period was a great wide open style of hockey. The Hawks did have their chances as they were able to have a good play advantage as NEC had two men in the box. Melkon of NEC did make some pretty lucky saves, but some were very good saves.

At this time the Hawks had the ball in the middle of the ice and were trying to make a break away shot. Don Goffe tied the ball away by a break away shot, which caused a break away shot, Don coming up over the red line on the left wing pulled the NEC goalie out then flipped the puck by him to score. This was a great one in the period. The Hawks were going to hang in there for a tie, but with just 16 seconds left Mark Melkon broke open in front of Bill Selino to score. It looked like Bill had the puck in his sight as he was all set to make the save but the puck changed direction on Bill. It must have hit a defender's stick to change direction the way it did. There was one fight in the period that tempers broke loose and there were about 20 minutes in penalties given out. Even though the Hawks lost they played a great game and they should be proud of it.

Bob Miller has lost his form.

Senior Quits Hockey Team
