Search Committee Set
By Kimberly Newton

Vice-President McKenna announced the formation of the new search committee, during a recent interview, following President Rizzi's decision to hold an external nationwide search for a Dean of Student Services.

The committee will consist of two members of the administration, one student service representative, four students, one faculty member, and either a corporation member or an administrator.

The two members of the administration, which were chosen by McKenna and Peter Spadeti, Director of the Computer Center, and Barbara Farhman, Assistant Counselor, "Spadeti has been appointed as chairman of the committee," McKenna said.

The student service representative, also chosen by McKenna in Peter Sherman, Director of Housing.

McKenna explained that "the student service representative had to be someone who was counseling, health services, housing, or some other department that works directly with the students."

Sherman was confident with his selection, saying, "I think I've got a good one and I'm pleased with my selection." Petersen is a senior, rod with no political affiliation, and one commuter.

The students appointed are Monica Lutisher, Cheri Utter, Wendy Stevenson and Carlos Tosla. Latourneau felt that with her appointment to the search committee she "can provide some insight as to the type of Dean that the students need. The individual chosen should be energetic, and deeply concerned for the students welfare."

McKenna Announces Cost For Living At Almeida Apartment Complex

By Douglas Gingerella

Costs for living at the Almeida Court Apartment Complex have been released by Vice President Robert McKenna. These final costs were approved by the Colleges Budget Committee last Thursday.

According to McKenna all one and two bedroom apartments will cost $1,300 per year ($650 per semester). In the third type of living situation, the townhouses, costing $1,500 per year ($750 per semester). The charges will be paid at the beginning of each semester, with the first semester running from Sept. thru the end of Jan, and the second semester running from Feb. thru the middle of May.

Comparison of the Apartments Complex costs with on-campus rates show that the apartments will cost approximately $100 more per semester. However, Board charges of over $300 per semester are not required by those students living at the Complex. Board is a requirement for all on-campus students. Also, additional Winter Internation rent will not have to be paid at the apartments.

Unless otherwise specifically arranged with the Housing Office, the apartments will be leased out for the entire academic year. Under special circumstances one semester leases be granted. Security deposits will be lost by those students who move out after one semester, in order to try and insure that the lease is not broken.

The $200 security deposit also covers damage done to the apartments. "Before students move in any and all damage in the apartments will be determined. Any additional damages that occur after students move in will be taken from the security deposit," McKenna said.

All apartments will be fully furnished by the College, McKenna said. This explains why the security deposit is so high. "If, for instance, a refrigerator, or even a couch is broken or taken from an apartment, the amount for replacement would be very high. Therefore, in order to protect the Colleges investment, once every two or three weeks the apartments will be checked to ascertain whether everything is still there. This will be written into the lease agreement," said.

McKenna also said that there will be no RA's at the Complex.

"We will, however, have a minimum of three directors living in the apartments for security and in case of emergency," he said.

Scott Bauer Quits Senate: Gretchen Ebelt Is Sworn In

By Bill Winter

For the second time in less than a week a member of the Faculty has been sworn into the Student Senate. Gretchen Ebelt, who replaced Scott Bauer as the latest member of that organization at their March 28th meeting, upon the receipt of a letter of resignation from Scott Bauer, who resigned to protest the Senate's decision not to allow him a leave of absence.

It was chosen as Bauer's replacement according to the guidelines found in the Student Senate constitution. Article two section three states, "When vacancies occur, the replacement will be the person next in the order of popularity votes cast that vacancy."

Ebelt was chosen second in last month's special Senate election, which was won by Cynthia DiCarlo.

Although, she is pleased about becoming a Senator, Ebelt wishes it had happened under happier circumstances. "I would have preferred to have been admitted by election," she said.

Ebelt was chosen on the Social Committee and Public Relations Committee when she was a freshman. "It felt good to be able to voice my opinion on a couple of issues, such as the $3000 outstanding debt in the yearbook, and Spring Weekend," she said.

Despite the fact that there are quite a few things Ebelt would like to accomplish on the Senate, she realizes that time is a limiting factor. "I don't think I'll be able to start anything within the next two or three weeks. So I'll just hold on and try to get re-elected for the Fall term."

Ebelt also wished to express her appreciation for the opportunity to serve, and thanks to the people who had wanted her to serve. "Probably not a great deal, but I'm sure it will help others."

Ebelt was officially allowed to become a Senator as soon as Steve Fico during his Parliamentarian's Report said they had received a letter of resignation from Scott Bauer. Before he made this announcement, however, there had been a meeting of discussion on the floor about the decision not to allow Bauer his requested leave of absence.

For the second time, a member of the Senate has been sworn in this quarter. Latourneau felt that the Senate had to be very high. As a matter of fact, Stark is tentatively planning to hold an RWC Monopoly tournament, and send the winner of that to Boston to play in the Monopoly Championship Regionals. A victory there would send the player to the nationals, and possibly to the world championships in Bermuda in July of 1980.

After 50 days of Monopoly, Stark is probably glad he won't have to look at Board Walk and Park Place and Go and Jail any longer, right? Wrong. As a matter of fact, Stark is tentatively planning to hold an RWC Monopoly tournament, and send the winner of that to Boston to play in the Monopoly Championship Regionals. A victory there would send the player to the nationals, and possibly to the world championships in Bermuda in July of 1980.

Bruce Stark, John DiCarlos, and all the supernumeraries are happy that their 50-day Monopoly Marathon effort is almost over.

RWC Students Finally Break Monopoly Record

As of 1:01 p.m. today, April 5, 1979, RWC will be broken of the world's record for the continuous playing of Monopoly for 50 straight days and nights.

"It had my doubts at the beginning, thinking that we would be able to do it," said Bruce Stark, the co-organizer of the event with John DiCarlos, "but by the 30th day, Ifigured nothing could stop us."

Indeed, nothing did stop them, as they racked up a total of 1176 hours of continuous playing of Monopoly to clinch the record. Stark and DiCarlos, however, are not quite ready to call it quits, and the Marathon will continue for another two days. The battered board and its残余物 were on display for the first time at Almeida Apartments on Saturday, April 7th, at 5:00 after having set a new record of 51 days and four hours.

"During the 50 days," said DiCarlos, "over 1008 games have been played by over 200 people, mostly students. With the notable exceptions of David Howard, William Rizzi, and William O'Conunell, we have received practically no support from the faculty, staff, or Administration."

DiCarlos also figured out the total number of man-hours put into the Marathon to be approximately 4,298. "If we had to pay all the players minimum wage," he said, "it would have cost us over $12,000."

The Monopoly Marathon was not all fun and games, though, as Stark and DiCarlos hope to have up to 1,500 raised by the end of the month for charity. Stark admits there have gotten more out of the whole experience, however, than just the satisfaction of helping a charity. "The Marathon will get some very nicely public for the school," he said, "and personally, I have had the chance to meet a great many people, learn a lot about people, and learn a lot about organization."

Stark also wishes to express his gratitude to all the supervisors who helped him and DiCarlos with the Marathon: Jane K nel, Kelly Dickson, Dan Carpenter, Jane McKen, Ricardo Cabrera, Mark Seghalian, Bob Brunk, Gerry Megniss, Steve Reeves, Cesar Egana, and Jeff Tucker.

After 50 days of Monopoly, Stark is probably glad he won't have to look at Board Walk and Park Place and Go and Jail any longer, right? Wrong. As a matter of fact, Stark is tentatively planning to hold an RWC Monopoly tournament, and send the winner of that to Boston to play in the Monopoly Championship Regionals. A victory there would send the player to the nationals, and possibly to the world championships in Bermuda in July of 1980.
Students to Visit Psych Convention

Although RWC Professor Joe Neuschatz has attended the last 14 Eastern Psychological Association Conventions in a row, the one coming up in two weeks in Philadelphia will be something special.

The reason this isn't just another convention is because Neuschatz, along with student Robert Walker, RWC alumnus Donald Whitworth, and Agnes Curtis, the Director of the Young Parents Program of Rhode Island, in Newport, will be presenting a research paper entitled "Adolescent Pregnancy - Effective Intervention" to the convention.

The paper examines a two year counseling program for unwed adolescent mothers in Newport, will be presented on Friday April 20. The general conclusion of the paper is that the program has been successful in encouraging young mothers to complete high school and stay off welfare.

Neuschatz will be just one of 600 psychologists present at the convention, who are just a small part of the over 7000 expected to attend. Included in that 7000 will be approximately 20 RWC psychology students, invited by the Psychology Department to attend. Each student will have to pay their own way to the convention, which will be held in Philadelphia from the 18th to the 22nd of April.

Neuschatz claims that the convention will be a great learning experience for the students, most of whom are seniors. Neuschatz also dismisses the notion that the convention will be nothing more than a five day vacation for the students. "They will get a tremendous amount out of it," he said. "I got into contact with research being done on the Eastern seaboard. Second, it shows them what psychologists really do. Third, it will give them a chance to meet in person many of the people they have only read about in their textbooks. And finally, there is a marvelous placement bureau at the convention, that details what employment opportunities are open in the field of psychology..."

"Also," said Neuschatz, "it gives them a chance to meet with alumni from RWC, and helps concretize an education in psychology and psychology majors."

At the convention, the student will have a chance to listen to various papers being presented for 15 hours a day, from 8:30 am to 11:30 pm, in 11 rooms simultaneously. Although Neuschatz admits that time in Philadelphia is devoted strictly to psychology, he said that students always get something out of the trip.

Students' response in past years as "very positive."
By Bill Winter

To Dormitory Government it was just another $540 dollars to be given away. WROG, however, it was $540 badly needed to buy some vitally important equipment of the type that would be used around the campus.

According to WROG General Manager Rich Heckelmann, the $540 which Dorm Government recently voted to give to the radio station will be used to purchase new equipment to improve sound quality.

The new equipment purchased by the station was a distribution amplifier which will distribute and stabilize the signal around campus. “This means there won’t be anymore background noise, from now on you should be able to pick it up much louder and cleaner on your radio,” said Heckelmann.

Although the $540 was much appreciated, it was nowhere near the seven to ten thousand dollars that Heckelmann figures they will need to go FM in the near future.

“We are having an FM system designed now that we could use,” he said, “one that would allow us to begin broadcasting over at least a five mile radius, which would mean that we would not have to set up our AM system over at Almeda. We are checking out the licensing requirements now.”

Heckelmann admits that it won’t be easy raising $10,000.00, but has some ideas how to do it. “We hope that maybe the school will just fund us the money,” he said. “After all, an FM radio station would put Roger Williams on the map.”

Heckelmann also urged interested students to help by getting involved.

“If students want an FM station, they should go talk to their Student Senators and Dorm Government reps, and let them know what they want,” he said. “That’s how things can get done.”

Senate Holds Elections

Student Senate elections will be held on Tuesday April 24th and Wednesday April 25th. Any student interested in running for President, Vice-President, class officer or senator should pick up petition papers in the Student Senate/QUILL office. These papers must be completed and turned into the Senate office no later than April 11 at twelve noon.

There are 10 senatorial seats, President, Vice-President open, three seats for freshmen which will be elected next fall.

Any student carrying at least one course and paying an activity fee is eligible to run and vote. A booth will be set up in the Snack Bar from 9 to 12 both days of voting. The booth will be manned by an Open female, preventing any irregularities.

After the elections any candidate is allowed to ask for a recount. This recount will be officiated by the Dean of Students, to as sure possible errors.

The Student Senate will be sworn in on May 2, at which time he will swear in the new senators and make any appointments necessary.

“There are seven present senators graduating this year,” Miller said. “There is a definite need for a strong student government which requires responsible people. The only way we can assure this by a good voter turn out.”

WROG Buys New Equipment to Improve Sound

RWC will hold its annual Open House on Saturday, April 7 from 1:00-5:00 p.m.

The open house will provide an opportunity for prospective students and area residents to visit the campus, view many displays and exhibits and enjoy theatre and dance department performances.

Campus tours will leave continuously from the foyer of the Administration Building. College administrators, including President William H. Rizzini, will meet in informal settings with the campus in the Bay Room of the Student Center. Admission counselors will be available to those wishing additional information about the college.

Each college academic department will present exhibits, demonstrations or displays. The Architectural Engineering Technology Department will have an exhibit of student drawing; the Civil Engineering Technology Department will present a display of models and demonstrations by students on the Electrical Engineering Technology Department.

The Art Department will have an exhibit of student work and pottery and print-making demonstrations. An exhibit of work experienced by the College’s Marine Biology Department is also scheduled.

The Theatre Department will present performances of the musical “Happy Days,” at 2:00 and 3:30 p.m. in the Coffeehouse Theatre. Tours of the College Computer Center will also be held.

Other College departments, programs and student organizations will also have programs and meet with those attending the Open House. Refreshments will be served throughout the afternoon in the Bay Room of the Student Center. A poster with a map of the RWC campus will be available in the Administration Building.

How Much Do You Really Know?

Let’s see how much you know about the subject. The abuse of alcohol is so widespread in our culture, many of us should be familiar with the basic effects of this popular drug.

Circle T if the statement is TRUE, or F if the statement is FALSE.

1. I T Most abusive drinkers are men in their early 20’s.
2. F T Sixty percent of people hospitalized for depression are compulsively that depression with alcohol.
3. T F An American industry loses 29 billion dollars annually which is related to abuse of alcohol.
4. T F Alcohol is a stimulant.
5. T F After ingestion it takes 3-5 minutes for alcohol to permeate every body cell.
6. T F Alcohol reduces long-term anxiety.
7. T F Alcohol trouble is always characterized by addiction to alcohol.
8. T F Cold showers, tomato juice, orange juice, and eggs are good treatments for drunkeness.
9. T F Alcohol is an aphrodisiac.
10. T F Withdrawal from alcohol addiction is less difficult than withdrawal from heroin addiction.
Let's Communicate

Does the bookstore turn a profit? The profit from the bookstore, Ed Ragosta says, is none. It is not a money making operation of the college. They just provide a service to the students.

Why is the bookstore closed from 13-1? As a policy it is closed from 12-1 says Ragosta. Only during the slow seasons such as intercession and summer is it closed during the early afternoon.

Why can't we get a lunch included in our meal plan? According to V.P. McKenna, this problem arises because of the mixing of board students and cash customers. When the two are mixed, it costs much food is taken last. You would have to charge the cash customers a flat rate at the door to maintain any type of control. McKenna did say he was looking at some alternatives though because of the large student demand this semester for a lunch plan.

Why isn't there a student on the Board of Trustees? President Rizzini said until recently he had never been approached about having a student on the Board. Gary Miller, Student Senate President, has now brought his proposal to Rizzini and will present it to the Board at their April meeting.

Will we have the same mailbox numbers when we return next fall? Mailbox assignments will be made to the residence halls. There is a price increase by the time required books are available. Why does the bookstore turn a profit? Why can't we take 2-3 weeks at the bookstore. Ed Ragosta, V.P., said this happens with pre-priced paperbacks that sit in the bookstore. There is a price increase by the time required books are available. Why does the bookstore turn a profit? Why can't we take 2-3 weeks at the bookstore. Ed Ragosta, V.P., said this happens with pre-priced paperbacks that sit in the bookstore. There is a price increase by the time required books are available.

New Programs Offered in 1979/1980 RWC Catalog

Students matriculating under the 1978-79 or earlier catalogs may be interested in the new programs offered in the 1979-80 Catalog. Students matriculating under the earlier catalogs may choose to graduate under the 1978-79 Catalog. Provided they meet all the requirements for a degree stipulated therein and outlined here. The following is a brief guide to these programs. Read carefully and address any questions to the Registrar. This guide is only for students living at R.W.C. who have matriculated and completed the Core program by fulfilling the requirements for a degree and obtaining the proper name. There are graduates of R.W.C. who are not a part of this catalog.

A major program must be completed.

• All financial requirements must be met.

• Thirty-eight (38) to forty (40) units (depending on the major) must be completed.

APPLICATIONS FOR ASSOCIATE EDITORIAL POSITIONS ON THE QUILL ARE NOW BEING ACCEPTED FOR 1979-80 ACADEMIC YEAR

Features Editor
Off-Campus Entertainment Editor
On-Campus Entertainment Editor
Sports Editor
Photo Editor
Business Manager
Production Manager
Circulation Manager

PRIOR QUILL EXPERIENCE NOT REQUIRED

Applications can be picked up from:

Doug Gingere II · QUILL · Student Bill O'Connell · Dean of Students
Josephine G. Philippines · Office (11 Student Center) Office (D101)
Jane Alamo · Classroom 149

and should be passed in no later than Monday, April 22.

The Newly Appointed Quill Executive Editorial Board will make all appointments

STAFF WRITERS, PHOTOGRAPHERS AND PRODUCTION WORKERS ARE ALSO NEEDED

NO APPLICATION IS NEEDED — JUST COME IN AND SIGN UP.
**Letters to the Editor**

**Bauer Addresses the "Suicide Six"**

To the Editor:

I would like to address this letter to the Student Senate but basically to the six senators (suicide -6 as I like People always see the bright side)

How can you not excuse someone from a meeting when he or she goes away to represent the school? I feel that the Constitution that any senator who visits someone to leave his position on the Senate. But again, how can you not excuse someone from a meeting when he or she goes away to represent and behave on their absence.

Of the four absences, only one of them I feel legitimate. My first absence was due to not getting back from work on time.

My second absence, on Feb. 14, was missed because I was in Kansas City. Since I have a position at the National Entertainment Conference for a week, I cannot help with other work. I merely refused to give the Business Club permission to use me. I still think I was right.

The Snack Bar area, in our Student Center, is a meeting place for students. It is a community where both men and women come to chat, talk to friends and do some last minute studying. During the even, the Snack Bar is an extension of the Rathskeller and sometimes a seating area is not an appropriate place to sell sexually explicit magazines. I hope to see more effort on the part of management to prevent this from occurring.

As of now, you have a fantastic job with Anheuser-Busch. Over 750 college representatives from across the United States competed for a position on the Brew Crew, which is a branch of the A-B company. Only ten students of the 750 were selected and I was asked to be the representative for the RWC region.

It was a great honor to be chosen to represent New England (Region 1). It was a great honor and it was an absolute pleasure to represent this institution in doing research.

What do we do, analyse target markets, do some marketing research, and work on college promotions and special projects. I do not do all the hard work, but for compensation we are, they send us to one of the major Beer marketing companies and we must produce promotions which bring me to my last absences.

I approached you a week before my departure and asked you for a job of absence for the following two Wednesdays (14 and 21), and also for the last meeting. Mr. Walker, Anheuser-Busch is sending me to Bermuda to work on another big college promotion. First of all, the country was going to be brought up in Executive Board, Friday morning, May 2 and I was unable to go. I was going to be able to attend the B can meet and that night I was to leave, my leave of absence was approved by the Executive Board. So I run back there to work, to collect new ideas which would be of benefit to our students and any other information that can ultimately benefit future students. And that is what I demand when I return - that the Senate did not grant me my leave of absence.

I don't understand.

As you know, I resigned from the Student Senate after meeting the Social Committee. I didn't have to resign from the social committee, because I have friends who don't like me and boy was I, on that deal. But why continue, when I go out of my way to help the school, and you

**Carry Replies to Response From Student**

To the Editor:

This short note is meant as a reply to Mr. R.M. Walker's letter to the Student Senate, "Carry passed the buck." I also hope that it will serve to further stimulate constructive action by the silent majority. This reply will address two issues raised by Mr. Walker.

1) Does a Centerfold Work Like Another Big Buck? I think I will have to agree with Mr. Walker here. I feel that is legitimate. My first absence was due to not getting back from work on time.

There's so many more things that I would like to use co-sponsors, individuals, but I'll talk to them face to face. I won't use the Quill or wait until an away game with the留学生s to be on leave. But I'm leaving them defenseless to help themselves.

Well, Daytona was really great!!! Why wish you could have been there in person? Work and Mr. Walker, you dug your own grave and gave yourselves more work than you needed.

It was fun,

Scott S. Bauer

**Respect Is Lacking In Lab Theft**

To the Editor:

To All (It is concerns all)!

On Monday night, May 20th, one of the students in Math Building. After all doors had been locked, the lab was entered and a key was obtained a key and sneaked into the lab. There, the culprit took one of the analyzing balances which was used for his chemistry studies. What was worse, the lab may be of no use. Cheating can only be speculated. Traded in exchange for drugs, money, who knows. Cheating is the most ungodly act.

Respect - something we all have.

Students at Roger Williams College should respect for themselves, others, and the property of others. Wiping off a valuable piece of equipment shows a complete lack of respect for property of our school. Not only is our property safe, but also our individual property that each student involved.

On Friday night to be exact, many friends of Chris Meyer had found a funding drive. The purpose of the money is to purchase a paper cuts in a lab and sell it. And as usual, the money was not enough.

I hope that the proper way to do this is to open a bank account and charge it to the lab, not one that was not there. How does anyone think that this is going to happen? One has to have a lot of respect for what is being done. I suggest that this be done.

Sincerely,

Benjamin N. Carr

---

**Editors Speaking**

**Vacation at Last**

There are three sure ways to find out when Spring has officially arrived. They are: greenery sprouting all around; 2) Students itching for vacation; and 3) Newspapers writing editorials about vacation.

The green stuff is duly sprouting, here is the editorial, and RWC students are already fleeting the school in that annual migration called Spring Vacation—a vacation that couldn't have come at a better time.

Finally, students who have been caged in classrooms for the long, cold winter can escape; faculty members can rest from their strenuous battles against academia (both intellectually with students and physically with the Administration), and the administrators can breathe a collective sigh of relief as they watch the student body head for greener pastures.

So quench that thirst of yours by reading the pages that follow. A quick thanks to those who invented Spring Vacation...our heartfelt gratitude goes out to you!

---

**Should Dean O'Connell Allow Roger's Corner Store to Sell Playboy?**

**Yes**

By William Winter

The decision by Acting Dean of Students, Rick O’Connell, not to allow Roger’s Corner Store to sell Playboy magazine is both sensible and necessary.

First, as both a display of offensive and a blatant attempt at manipulation of his responsibilities for O’Connell to allow his personal prejudices to influence his work. He does not care for Playboy; fine be it, let him have it.

It is neither his responsibility nor right to act as the moral guardian of the students of Roger Williams College. If the students should be able to shop at Roger’s Corner Store, then allow Acting Dean of students; not another person.

Second, considering the magazine in question, it is laughable. This is Playboy, the magazine that is on sale in all 50 states, has interspersed the president of the United States, has featured fleshy in such matters as Starin Shav, and Hemingway, and is one of the most favored magazines in America. This is the magazine that O’Connell fears and hates the sale of the magazine. Upon close examination, however, none of the reasons have any validity whatsoever.

First, O’Connell has claimed that the magazine is offensive. To whom the student body? First, to the president. Give it the fairest test there is; put it on sale of no one buys it, then he has made his point. If students do purchase it, though obviously no offense is taken.

Second, O’Connell finds the magazine to be unsexed. Boys can be unsexed, sexists, who is O’Connell to decide such things. But are you worried about being sexists to women who are unsexed or are you worried about being a sexist to yourself? Can you sell Play flushed as well. I am perfectly willing to take the chance I will be allowed to make up my own mind.

It is obvious O’Connell’s decision, like so many others by the Administration, is based on his materialistic attitude - they wish to make students as productive as possible. They do not wish the students to be distracted. They wish the students to make, depending on the day, a profit of values and beliefs, not O’Connell.

For all these reasons, I think that O’Connell should climb off his Victorian values, allow the store to sell Playboy and turn his attention to running this place as he was designed.

[Name]

[Year]
Experimental Dance

Jimmy L’Ecuyer, a theatre major at RWC, minoring in Dance, will present an experimental dance piece combining dance and theater Friday, April 6 and Saturday, April 7. The performance, titled, “Fire Boots and Frozen Tongue,” will be held in the Coffeehouse Theatre. The performances are open to the public and admission is $5.

The program stems from an independent study course that L’Ecuyer began in January. The course is titled, “Creating A One Man Show,” the theme being the formulation of the mind. “You wait and you wait for so long, trying to figure out who you should be, and then you finally realize you just are,” he explains.

L’Ecuyer, in discussing his approach to the project said, “The idea just started coming into my head. The whole process took a long time. Now I feel like it’s almost going too fast. The performance will be diverse both in the type of dance being performed and the music that will be used as an accompaniment.”
In their first game of the season the RWC Disc Hawks successfully defended their state title against Brown University, winning 19-17.

In the game, played on March 25 at RWC, both teams looked good. Captains’ Coach Jim Long and Brown captain both showed themselves to be excellent frisbee players as they lead their teams throughout the game.

Along with Jim’s 10 assists to show for his efforts, several other players proved themselves to be players of the first class. Todd Menard was the leading scorer. He and he played for every one of them in the second half when he took a bad fall while receiving a pass in the end-zone. It seems that he injured his spleen which—he had been fighting with trouble. He walked off the field unassisted and that was the end of the game for him.

Pete Porcante had 4 goals and 9 assists to match a good game for him which he put a lot of effort into, even though one teammate did complain that Pete was “too cute” when he was battling for and lost the disk to a 6-foot 2-inch, 200 lb. Brown tanker. Jerry Hanzar also had 2 goals and 2 assists for the day.

Meanwhile at RWC played both Tufts and Boston University, both at Tufts. They lost the first game to Tufts, 16-13. In the second game with BU, the score was 6-6 at the half. “The Hawks seemed to have lost it,” said Jim Long. “The highly experienced BU team dizzied us in the second half.” Bu went on to win 18-10.

But now the Disc Hawks are preparing for this weekend’s Tournament. On Saturday, April 7 there will be an Ultimate Frisbee Tournament with the Fairfield Whips Brown Tournament with the Fairfield Whips, BC, Tufts and Boston Tournament.

On Monday, April 9 RWC will host the Shamble. This is the first year for the team, and they have already played against every other team in the league. The coach of the team is Nancy Verno.
True and False On Booze Test

**Contended from Page 3**

1. **FALSE**  
   Most abusive drinkers are men in their early twenties. The key to their behavior is the craving for the drink.

2. **TRUE**  
   Thirty to forty percent of people hospitalized for depression are compounding that depression with alcohol.

3. **TRUE**  
   Twenty-two billion dollars are lost annually due to alcohol abuse.

4. **FALSE**  
   - Alcohol is a central nervous system depressant.
   - Alcohol can be found in every body cell 3-5 minutes after ingestion.
   - Alcohol initially reduced anxiety. However, accomplishing these effects requires a very high population of density of fellow students enrolled in one of the many universities around the city. The night life in Washington D.C. just cannot be appreciated in only a week!

Students Visit DC

During the week of March 12 the Political Science Dept. gave four RWC students the opportunity to work as interns for Senators. Tom Smith and Karen Auger were assigned to Sen. Claiborn Pell’s office while in Sen. John Chafee’s office. Work as interns for Senators . . Tom Smith Bloom and Augeri.
